Statement 36 (8/98)

1. The General Secretary, Daw Aung San Suu Kyi's personal physician went and examined her on 21-8-98 and found her condition as follows ----

   (a) No improvement in the yellowing of the eyes.
   (b) Blood pressure - low.
   (c) Urine output - dropping.
   (d) Confusion setting in.
   (e) Constipation for 10 days. Inability to take food can result in Hypoglycaemic shock.

2. The doctor sent this report in writing to the relevant authorities on 21-8-98 (18:30 hour)

3. Despite this, the authorities refused to allow her physician to visit and attend to her on 22-8-98.

4. Therefore, we strenuously denounce this denial treatment and attention to a citizen by the authorities and hold them entirely responsible should there be any consequences (medical or otherwise) flowing from this action.
