First regular session of Pyithu Hluttaw convened for eighth day

To reduce the cost of mobile phones—a matter of short-and long-term projects

16th Mile Checkpoint opened for not prohibiting goods but for security reasons

Chin State saw better transport as Chin national appointed as superintending engineer

NAY PYI TAW, 11 March—The first regular session of Pyithu Hluttaw went on for the eighth day at Pyithu Hluttaw Hall of Hluttaw Building here this morning.

Present were Speaker of the Hluttaw Thura U Shwe Mann and Hluttaw representatives. Today session's attendance was 431 or 99.54 per cent of the 433 Pyithu Hluttaw representatives thus the session was valid, announced Speaker Thura U Shwe Mann.

Sai Bo Aung of Muse Constituency in his question said that medical students from Shan State have to join Magway University of Medicine, instead of Mandalay University of Medicine which is nearer than the former. And economics students from Shan State (North) have to attend classes in Monywa Institute of Economics. Such restrictions on geographical location spark extra burdens on students and harm development of human resources. He said he wondered if there was any plan to deal with such weak points.

Answering the question, Minister for Health Dr Kyaw Myint said that previously, there were only three universities for medicine: two in Yangon and one in Mandalay and they accepted 550 students in total; that at that time, Yangon University of Medicine (1) and Yangon University of Medicine (2) were available for medical students from lower Myanmar, and Mandalay University of Medicine, for medical students from upper Myanmar; that Magway University of Medicine was opened in May 2001; that now the four universities of medicine accepts 600 students each; that according to the new plan, Yangon University of Medicine (1) and (2) are for students of Yangon Region, and Magway University of Medicine, for those of Mandalay Region and Magway University of Medicine, for those of other regions and states.

Build drugs free society

Narcotic drug is directly concerned with direct users, producers and traffickers. Use of narcotic drugs tarnishes images of economic and social affairs and prestige of related society. The number of drug addicts and opium, heroin, opium oil and marijuana users is increasing day by day across the world. Various kinds of stimulant tablets made of chemical precursors are spreading throughout the world. Narcotic drugs become greater menace to all countries and nationalities. At present, all the countries and regions are giving first priority to combating narcotic drugs.

Myanmar, on her part, is focusing on drug eradication in full swing. Destruction of poppy plantation is one of the tasks for narcotic drug elimination. In 2000-2011, over 15,000 acres of poppy plantations were destroyed in some regions and states.

Drug addicts and users are interrelated with drug traffickers and possessors. Therefore, utmost efforts are being made in combating narcotic drug traffickers. A total of 270 drug-related cases were exposed in January 2011. Action was taken against 398 offenders in opium, heroin, opium oil, marijuana, stimulant tablets and other drug-related cases under the law.

Myanmar is implementing the 15-year narcotic drug elimination plan. The period of the plan was set from 1999 to 2014. So far, remarkable progress has been achieved in narcotic drug elimination due to collaborative efforts of the government and the people. Although utmost efforts are being made in combating narcotic drugs across the world, various kinds of narcotic drugs are menacing the mankind. Thanks to concerted efforts of the government and the entire people in narcotic drug elimination, all the people can live healthy and happy in drugs free society.

KNU’s mine wounds innocent civilian in Kawkareik

NAY PYI TAW, 11 March — A mine planted by KNU insurgents exploded in Kawkareik, Kayin State yesterday morning, wounding one civilian. U TE (a) U Aung Lwin of No.2 Ward in Kawkareik, Kayin State stepped on the mine while working roadwork in Aukbote and Nabu Streets at Naungdaing Valley.

He had bruises and cuts in his right leg and right hand and was rushed to Kawkareik Township People’s Hospital for medical treatment. —MNA

People’s Desire

* Oppose those relying on external elements, acting as stooges, holding negative views
* Oppose those trying to jeopardize stability of the State and progress of the nation
* Oppose foreign nations interfering in internal affairs of the State
* Crush all internal and external destructive elements as the common enemy

Nay Pyi Taw Zabuthiri Hotel opened

NAY PYI TAW, 11 March — Asia Express Co Ltd held an opening ceremony of Nay Pyi Taw Zabuthiri Hotel in its compound here this morning, attended by Commander of Nay Pyi Taw Command Brig-Gen Maung Maung Aye, Minister for Progress of Border Areas and National Races and Development Affairs Nay Pyi Taw Mayor U Thein Nyunt, Minister for Hotels and Tourism U Soe Naing, Minister for Mines U Ohn Myint, Deputy Ministers, departmental heads and officials concerned.

After the commander, the ministers and officials concerned had formally opened the ceremony, they looked round the hotel together with invited persons.

The newly-opened hotel is designed with 100 standard rooms in the main building, 8 suite rooms, one presidential suite room, four meeting rooms, dining rooms and souvenir shop, as well as 34 bungalows namely Diamond, Pearl and Ruby. —MNA

Forestry Minister on inspection tour of elephant camp, sawmill, training school, workshop in Toungoo

NAY PYI TAW, 11 March — Minister for Forestry U Thein Aung meets officials at Training School No. 1 (Nanchun) of Myanma Timber Enterprise—FORESTRY

Minister for Forestry U Thein Aung meets officials at Training School No. 1 (Nanchun) of Myanma Timber Enterprise—FORESTRY

NAY PYI TAW, 10 March — Minister for Forestry U Thein Aung on 9 March morning inspected Phokyar Elephant Camp in Yedashe Township and heard reports presented by General Manager U Than Lwin of Asia Green Co Ltd coordinating with the Ministry of Forestry on preparedness of guesthouses in the camp and arrivals of local and foreign visitors and income of the camp.

Afterwards, the minister looked into No. 89 Sawmill (Kyunkon) of Myanma Timber Enterprise in Toungoo. He left necessary instructions after hearing reports by Assistant Manager of the sawmill U Htay Lwin on ongoing tasks of the mill.

He also visited No.1 Training School (Nanchun) of Myanma Timber Enterprise in Yedashe Township. The minister attended to the needs after hearing reports by Superintendent Assistant General Manager U Aung Myat Moe on courses of the school.

The minister then proceeded to Base Workshop (Swar) of Myanma Timber Enterprise. He left instructions on matters related to maintenance of machinery and looked round the workshop. —MNA
Australia Defence Force to face tough fight in Afghanistan

KABUL, 11 March—Australian soldiers are facing a difficult Afghan fighting season as summer is approaching, Defence Minister Stephen Smith said on Friday.

According to Smith, progress had been made in Oruzgan Province and in Afghanistan generally.

He said there are better security in Oruzgan where most of Australia’s 1,550 troops are based.

“We are, in a sense, steeling ourselves for the return to the fighting season which occurs when the winter recedes and the spring comes,” he told ABC Radio.

“In a sense, steeling ourselves for the return to the fighting season which occurs when the winter recedes and the spring comes,” he told ABC Radio.

Suicide bomber kills Afghan police chief, two others

KABUL, 11 March—The Afghan government says a suicide bomber has killed the police chief of northern Kunduz Province and two of his bodyguards. The Taleban have claimed responsibility for the bombing in an e-mail.

A government statement on Friday says police chief Abdul Rahman Sayyedkhili was killed as he walked through the streets of Kunduz City late on Thursday. The Taleban claimed responsibility for the bombing in an e-mail.

The police say another 10 people were wounded. President Hamid Karzai has condemned the killing. He says it will not stop the fight against militants.—Internet

Afghan, coalition forces capture IMU military leader in Balkh Province

KABUL, 11 March—The Afghan National Security Forces and NATO-led International Security Assistance Forces captured an Movement of Uzbekistan, or IMU militant leader and detained several suspected militants during an operation in Mazar-e-Sharif District, Balkh Province Thursday.

The leader commanded a foreign fighter force and is involved in the recruitment and training of suicide bombers. He was associated with several members of the Taleban and IMU leadership throughout Balkh, Kunduz, Baghlan, and Takhar Provinces. Coalition leaders spoke directly with Afghan, coalition forces capture IMU militant leader in Balkh Province

“The leader commanded a foreign fighter force and is involved in the recruitment and training of suicide bombers. Taleban behead two civilians in SW Afghanistan

ZABALI, 11 March—Taleban militants killed two civilians for allegedly spying to government and foreign forces in Afghanistan’s Nimroz Province, some 790 km southwest of capital City of Kabul, police said Thursday.

“The Taleban killed two innocent civilians in Khash Rod District on Thursday. The Taleban claimed responsibility for the bombing in an e-mail.

The militants abducted the ill-fated men few days ago and their beheaded bodies were found in Khosh Rod District Wednesday evening, the official said.

Taleban outfit fighting Afghan and NATO-led troops has yet to make comment.

Civilian casualties in Afghanistan continued to rise as a total of 2,777 civilians had been killed in 2010 which indicates a 15 percent increase in compared with 2009, a joint report of Afghan Independent Human Rights Commission (AIHR) and UN mission in the country said on Wednesday.—Xinhua

Six killed and three wounded in Baghdad’s late night robbery

BAGHDAD, 11 March—Six people were killed, including four Iraqi policemen, and three others were injured Thursday night in an armed robbery in eastern Baghdad, local police source said.

Unidentified gunmen tried to storm a gold store in al Benok neighbourhood in eastern Baghdad, killing at least six people and wounding three others, including two policemen, the police source told Xinhua on condition of anonymity.

“Clashes erupted between gunmen and the security forces, during which four policemen and two civilians were killed,” he added.

The attackers had fled the scene into darkness before the reinforcement arrived.—Xinhua
Hundreds killed in major tsunami after 8.9 Japan quake

Tokyo, 11 March—A ferocious tsunami spawned by one of the largest earthquakes ever recorded slammed Japan’s eastern coast Friday, killing hundreds of people as it swept away boats, cars and homes while widespread fires burned out of control.

Police said 200 to 300 bodies were found in the northeastern coastal city of Sendai. Another 88 were confirmed killed and at least 349 were missing. The death toll was likely to continue climbing given the scale of the disaster. The magnitude 8.9 offshore quake unleashed a 23-foot (7-metre) tsunami and was followed by more than 50 aftershocks for hours, many of them of more than magnitude 6.0. The magnitude 8.9 offshore quake was followed by more than 50 aftershocks, most of them of more than magnitude 6.0. Dozens of cities and villages along a 1,300-mile (2,100-kilometre) stretch of coastline were shaken by violent tremors that reached as far away as Tokyo, hundreds of miles (kilometres) from the epicentre.

A utility company in northeastern Japan reported a fire in a turbine building of a nuclear power plant. A tsunami warning was issued for the entire Pacific, including areas as far away as South America, the entire US West Coast, Canada and Alaska.

“The earthquake has caused major damage in broad areas in northern Japan,” Prime Minister Naoto Kan said at a news conference.—Internet

Powerful earthquake rocks Indonesia

Jakarta, 11 March—A strong earthquake with a magnitude of 6.6 struck off West Nusatenggara in central of Indonesia earlier Friday, but there was no initial report of damage or casualty, officials said. The quake jolted at 00:08 am Jakarta time Friday (1708 GMT Thursday) with the epicentre at 165 km northwest of Sumba-wabesar of West nusa tenggara and with a depth of 523 km under the sea bed, an official of the Meteorology and Geophysics Agency told Xinhua. The intensity of the quake was felt at 4 MMI (Modified Mercally Intensity) in Denpasar, the capital of Bali Province, the official said. The USGS reported on its website that the earthquake was measured at 6.2 magnitude.

Local Disaster Management and Mitigation Agency official told Xinhua by phone that there was no immediate report of building damages or those injured after the quake.

Indonesia sits on a vulnerable quake-hit zone so called the “Pacific Ring of Fire”, where two continental plates meet, causing frequent seismic and volcanic movement. Xinhua

Hawaii people alerted for possible tsunami following Japan’s quake

Honolulu, 11 March—The Pacific Tsunami Warning Centre on Thursday issued a tsunami warning for Hawaii after a 8.8-magnitude earthquake struck Japan.

“A tsunami has been generated that could cause damage along coastlines of all islands in the state of Hawaii,” the centre said. “Urgent action should be taken to protect lives and property.”

The warning was issued for a large swath of the Pacific including Hawaii, Australia, New Zealand, Mexico and Central and South America, the centre said.

Sirens were sounded in Honolulu about 30 minutes after the warning was issued at 9:31 pm Hawaii Standard Time (HST), alerting people in coastal areas to evacuate.

The first waves were expected to arrive at 2:55 am local time Friday, according to the centre. The centre said wave heights cannot be predicted, but the first wave may not be the largest.

“The danger can continue for many hours after the initial wave as subsequent waves arrive,” said the center. “All shores are at risk no matter which direction they face.”

Meanwhile, Hawaii Civil Defence urged all residents in tsunami inundation zones to evacuate immediately.

“Leave all coastal evacuation zones immediately. Refer to Hawaiian Telcom or Paradise Pages for evacuation maps,” it said.

About 70 percent of Hawaii’s population resides in Honolulu, and as many as 100,000 tourists are in the city on any given day.—Xinhua

Malaysia issues rough sea, sea level rise warnings

Kuala Lumpur, 11 March—Rough seas and a rise in sea level is expected to hit the coasts of Malaysia’s State of Sabah and its federal territory of Labuan in the East Peninsular Friday night between 06:00 pm to midnight local time.

The Malaysian Meteorological Department issued a statement on Friday, warning people to stay away from the affected beaches. It said the weather condition was brought about by the magnitude 8.8 earthquake that rocked Japan’s northeastern Honshu island, leaving at least 16 people dead and many others injured. A tsunami watch has been issued for Guam, China’s Taipei, the Philippines, Indonesia and Hawaii state of the United States.—Xinhua

An office building burns in Tokyo after an earthquake on 11 March, 2011.—INTERNET

Tsunami alert issued in Russia’s Far East following Japan earthquake

Vladivostok, 11 March—A tsunami alert was issued in the Sakhalin region in Russia’s Far East shortly after a massive earthquake measuring 8.8 magnitude hit northeastern Japan Friday.

According to Russia’s State news agency, RIA Novosti, the regional Tsunami Research Centre, Sakhalin AHEM, declared the warning for coastal communities of three districts of the Sakhalin Region: Yuzhno-Kuril, Kuril and Northern Kuril.

People in these areas were being evacuated to safe places. Possible consequences of the passage of tsunami waves were being calculated.

Rescuers have called on local residents in the threatened areas to leave the coast immediately and take shelter in nearby hills, 30-40 metres above the sea level.

Emergency services were on alert to respond to the consequences of the tsunami.

Firefighters dismantle a damaged house after a 5.8-magnitude earthquake hit Yingjiang County in southwest China’s Yunnan Province, on 11 March, 2011. A 5.8-magnitude earthquake jolted Yingjiang County Thursday noon, killing at least 25 people and injuring 250 others. XINHUA
Animal study may explain low birth weight-obesity link  
LOS ANGELES, 11 March—Newborns with a low birth weight due to their mother’s poor nutrition during pregnancy may be “programmed” to eat more, research in animals suggests. The finding may help explain the connection between low birth weight and obesity later in life, and also highlights the importance of good nutrition for pregnant women, according to researchers at the Los Angeles Biomedical Research Institute at Harbour-UCLA Medical Centre (LA BioMed).

Their work with laboratory animals found that newborns with low birth weight had fewer neurons in the area of the brain that controls food intake than those with a normal birth weight. “This study demonstrates the importance of maternal nutrition and health in reducing obesity,” co-author Dr Mina Desai said in an LA BioMed news release. “Obesity and its related diseases are the leading cause of death in our society, yet we have few effective strategies for prevention or treatment. These studies suggest maternal nutrition could play a critical role in preventing obesity and related disease.”—INTERNET

US stocks drop on disappointing economic news  
NEW YORK, 11 March—The US stocks tumbled on Thursday, with major indexes declining more than 1.8 percent, as both domestic and overseas economic reports disappointed the market. The Dow Jones industrial average lost 228.41 points, or 1.87 percent, to 11,984.68. The Standard & Poor’s 500 Index was down 24.91 points, or 1.89 percent, to 1,295.11. The Nasdaq declined 50.70 points, or 1.84 percent, to 2,701.02.

The US Labour Department said on Thursday that the number of people seeking unemployment benefits rose by 26,000 to a seasonally adjusted 397,000 last week. The Commerce Department said on Thursday the January trade deficit increased 15.1 percent to 46.3 billion dollars. Exports rose 2.7 percent to 167.7 billion dollars, while imports rose 5.2 percent to 214.1 billion.

Also adding to the pressure, Moody’s downgraded Spain on Thursday over concerns that the euro zone’s third-largest economy could face financial problems. Moody’s said the country’s banks and public debt levels are too high and the risk that Spain might have to seek a bailout is rising. Moody’s cut its rating on Spain’s debt to A3, just above junk status.

AIG offers to rebuy toxic assets from New York Fed  
WASHINGTON, 11 March—AIG International Group Inc is offering $15.7 billion for a heap of toxic mortgage bonds that the Federal Reserve Bank of New York took off its hands at the peak of the financial crisis in 2008. The insurance conglomerate said in a letter to the New York Fed Thursday that the sale would reduce the amount of government money it holds to $26 billion, including an unused $2 billion line of credit, from $39 billion.

AIG received the largest bailout of the financial crisis. The New York Fed and Treasury Department extended lifelines worth a total of $182 billion.
First regular session of Pyithu Hluttaw...

(from page 1)

Sai Bo Aung of Muse Constituency also asked why a mobile phone costs 500,000 kyats in Myanmar, whereas a mobile phone costs less than 10,000 kyats in neighbouring countries.

Minister for Communications, Posts and Telegraphs U Thein Zaw said that the ministry is carrying out plans to improve phone lines and reduce their cost, that the cost for a phone line has been reduced from over 1 million kyats to 655,000 kyats, and that for a mobile phone line, from 1.5 million kyats to 0.5 million kyats; that so far, over 2 million mobile phone lines have been installed in 221 townships; that a plan gets underway to transform the communication from Internet to Internet system; that to achieve the goal, the ministry is working in cooperation with Yatanarpon Teleport Co and ITCS Co; and that to improve and reduce the cost of mobile phone lines is part of the short- and long-term projects.

U Nelson (a) Sai Hsang Hsi of Kyaukme Constituency asked if there is a programme to publish publications on existing laws, rules and ordinances for convenience of representatives.

CPT Minister U Thein Zaw replying to queries.—MNA

Health Minister Dr Kyaw Myint answering queries.—MNA

Attorney-General U Aye Maung quoted the speech by General Aung San at the constituent assembly on 16 June 1947 that in the colonial days, to defend Myanmar was the duty of the British, but it was the duty of Myanmar people when the nation regained independence; that if the number of servicemen was not enough, a military service law had to be enacted; that laws books are available at the bookshop of the Attorney-General’s Office.

Mr. U Thein Zaw replying to queries.—MNA

Minister for Industry-1 U Aung Thaung said that all governments of the Union of Myanmar tried for industrial development; that the State Peace and Development Council government also promulgated necessary laws for industrial development; and that the forthcoming government is likely to form the Ministry of Myanmar Industrial Development.

U Ye Tun (a) U Min Tun of Hsipaw Constituency said that the 16th Mile Checkpoint between Mandalay and PyinUoLwin, such goods as rice, peas, flour and edible oil to the border of China and to northern Shan State are prohibited; that in consequence, local people of northern Shan State have to spend extra money to get unnecessarily expensive goods that are from black markets through the checkpoint; that it is like a trade embargo for growers in Mandalay, Sagaing, Magway and Ayeyawady regions; that it is contrary to the market economy; and that he asked what the new government’s stance is in that regard.

Minister for Commerce U Tin Naing Thein said that the 16th Mile Checkpoint is to search weapons, explosives and narcotics, not to prohibit goods; and that the prohibition of goods is for security; that the flow of illegal goods was growing at the 16th Mile Checkpoint, so programmes were launched to fight trade of illegal goods, including narcotics and gems; that domestic goods to northern Shan State are permitted, but such goods as rice, peas and flour, that are likely to be smuggled into neighbouring countries, can be transported only with the permission of authorities; that if there is difficulty with transport of goods to the townships in northern Shan State, the case can be presented to authorities; that issues on transport of goods are addressed by the ministry in cooperation with related merchants’ associations and companies, and the turnover of goods is increasing year by year at the checkpoint; that a new system has been launched to avoid unnecessary delay; that chicks can be imported to Shan State from other regions of foreign countries if with permits from the Livestock Breeding and Veterinary Department; that the previous prohibition was just a temporary programme launched by local authorities; that like the ruling government, the new government will try for swift commodity flow, fight against inflation, and boosting export of goods; that the programme is for security and fight against narcotics and transportation of goods without toll fees; and that he believes the new government of Regions and States, and departments will pay careful attention to security, flows of goods, and convenience of the people in terms of food.

The session stopped for a break.

U Ye Tun (a) U Min Tun of Hsipaw constituency said that Chapter-VIII, Section-354 of the 2008 constitution says every citizen shall be at liberty in the exercise of the following rights, if not contrary to the laws, enacted for Union security, prevalence of law and order, community peace and tranquility or public order and morality.

It is found that there are traders’ association, livestock breeding farmers’ association, free funeral service associations, literature and culture associations of national races etc. However, as it is not clear and easy to register, some associations are being run without registration and they become as if unlawful associations.

Such associations, organizations, peasants’ union and labours’ union are sine qua non for a democratic society. While working with such associations and unions, citizens can know how to exercise their democratic rights. Therefore, he seconded the proposal of U Tun Sar (a) U Sai Tun Win saying that Chapter-VIII, Section-354 of the 2008 constitution says every citizen shall be at liberty in the exercise of the following rights, if not contrary to the laws, enacted for Union security, prevalence of law and order, community peace and tranquility or public order and morality.

(See page 7)
First regular session of Pyithu Hluttaw...

(from page 6)

After scrutinizing the application, the head of the respective township general administration department is to forward the application to the respective township and district peace and development councils. With the recommendations of the respective head of region or state general administration department, the application was sent to the head-office of the General Administration Department. The GAD is to send the application to the central supervisory committee for establishing organizations and associations after seeking remarks from ministries concerned.

After the central committee’s agreement on establishing such organization, the application is sent to the cabinet which issue the license to the organization.

The Ministry of Home Affairs issued the order No 1/2010 on 15 July, 2010, and has issued a two-year license to an organization at cost of K100,000.

So far, a total of 218 organizations have been formed under the agreement of the respective ministries.

Therefore, organizations and associations are allowed to register their organizations in accordance with the prescribed rules and regulations, the minister said.

Afterwards, the Speaker announced that the proposal of U Tun Sar (a) U Sai Tun Win should proceed seeking approval from Pyithu Hluttaw.

Afterwards, three representatives discussed the proposal “Rights of the national races to participate in the governance and administration sectors” submitted by U Ngun Moung of Haka Constituency.

U Ye Tun (a) U Min Tun said according to the Chapter I Section 22 of the Basic Principles of the Constitution, the Union shall assist: (a) to develop language, literature, fine arts and culture of the National races; (b) to promote solidarity, mutual amity and respect and mutual assistance among the National races; (c) to promote socio-economic development including education, health, economy, transport and communication, so forth, of less-developed National races.

According to the Section (11) (B) of the Chapter-1 of the Basic Principles of the constitution, to implement the three tasks, the three branches of sovereign power namely, legislative, executive power and judicial power are shared among the Union, Regions, States and Self-Administrated Areas.

It is found that governance and administration duties are also shared with the National races at state/region/hluttaw and the Union Hluttaw.

Therefore, he seconded the proposal submitted by U Ngun Moung as his proposal would help building mutual respect and friendship among the National races, U Ye Tun (a) U Min Tun said.

Afterwards, U Kyi Myint of Latha Constituency took part in the discussion and suggested that greater consideration should be given to quality of a person or organizations than the sharing among National races to decide the motion of the participation of the National races in the governance and administration sectors. It is important to assign duties to highly qualified citizens in the governance and administrative sectors of the Myanmar society.

Only highly qualified person or organization can make the best use of natural resources of the country in order to boost the productivity, to benefit the people and to improve the living standard of the people. Therefore, considering quality or competitions is more suitable than the sharing to decide the participation of National races in the governance and administrative sectors, he said.

U Zone Teint of Chipwe Constituency discussed the proposal submitted by U Ngun Moung with two portions based on review and matters related to expression. At present, he said that all the national race representatives including the vice-president participate in the Union level committees and local people are assigned as ministers and appointed at the important posts at the region and state governments. It is satisfactory for assignments and appointments of national races without requests of any party or person.

With regard to expression, he noted that the national races mean all the nationalities. If proposals are submitted and questions raised at the Pyithu Hluttaw with the Union spirit, it will be the best. As national races have been concluded in the administrative and management sectors, there is no need for serious discussion. Therefore, he said that the motion of U Ngun Moung should be withdrawn.

Regarding the proposal of U Ngun Moung of Haka Township Constituency of Chin State, Minister for Home Affairs U Maung Oo said that he will make clarification on undertakings in line with law, rule and regulations enacted by the State. First, the motion should be considered in line with the constitution totally approved by the entire nation.

Section 348 in the Chapter-VIII, Citizen, Fundamental Rights and Duties of the Citizens states that the Union shall not discriminate any citizen of the Republic of the Union of Myanmar, based on race, place of birth, religion, official position, status, culture, sex and wealth.

With regard to participation of national races in administrative and management sectors, Section 349 states that citizens shall enjoy equal opportunity in carrying out the following functions:-(a) public employment; (b) occupation; (c) trade; (d) business; (e) technical know-how and vocation; (f) exploration of art, science and technology.

Section 352 states that the Union shall, upon specified qualifications being fulfilled, in appointing of assigning duties to civil service personnel, not discriminate for or against any citizen of the Republic of Myanmar, based on race, place of birth, religion and sex. However, nothing in this Section shall prevent appointment of men to the positions that are suitable for men only.

Section 368 states the Union shall honour and assist citizens who are outstanding in education irrespective of race, religion and sex according to their qualifications.

Section 290 of Chapter-V states that matters relating to the appointment, promotion, retirement, enforcement of rules and regulations and taking action on the civil service personnel shall be exercised in accord with the law.

With regard to the proposal calling for participation of national races in administrative and management sectors...
First regular session of Pyithu Hluttaw…

(from page 7)

The government has turned out the national races to be educated ones, graduates and post-graduates. Especially, University for Development of National Races and Development Affairs are opened for providing free education to the national races.

Graduate national races are assigned to respective ministries to discharge duties of the State. With regard to the motion, the Union level and relevant ministries are constantly realizing the appointment of national races in administrative and management sectors.

In studying the appointments concerning the three powers at Union level and Region/State level in line with the constitution, matters related to the motion have been undertaken. As the Union level organizations have performed matters related to the motion, he said that the motion does not need to be submitted to the Hluttaw.

The Speaker of Pyithu Hluttaw said he believed that all the representatives understood discussions of three persons on the proposal of U Ngum Moung of Haka Constituency and the full clarification of the Minister for Home Affairs. He noted that the motion does not need to be submitted to the Hluttaw. Therefore, he asked the opinion of U Ngun Moung regarding above-mentioned matter. U Ngum Moung said that he submitted the proposal on 9-2-2011 when he could not know the future progress. On that day, national races have not been assigned duties at the committees. At present, national races have been assigned at Hluttaw and region and state hluttaws. Therefore, the motion will not be submitted to the Hluttaw.

The Hluttaw declared that it is unnecessary to continue submission of the proposal to create opportunity for participation of national races in administrative and management sectors.

Next, U Ngum Moung of Haka Constituency submitted the proposal calling for transport facilitation in Chin State by the Union Government.

Two representatives participated in the discussions. U Khin Maung Vi (a) U Khin Maung Vi of Ahlon Constituency said that Chin State is constituted with nine townships and three sub-townships. Capital Haka of northern Chin State has no access to its nearest town Matupi of northern Chin State. Likewise, Paletwa of southern Chin State has no access to other eight townships of the state through motor roads. Therefore, he submitted his discussions to build a road linking Paletwa, Matupi and Haka. In conclusion, he submitted to upgrade the existing roads, to construct Paletwa-Matupi Road and maintain Falam-Reed Road.

With regard to the motion, Minister for Construction U Khin Maung Nyunt explained that Public Works of the Ministry of Construction is taking responsibility for construction and maintenance of 26 roads as road network including eight main roads in Chin State.

Eight main roads are as follows:

(1) 135 miles and one furlong long Haka-Falam-Thainggin-Kalay Road
(2) 107 miles and five furlongs long Thainggin-Tiddim-Tonzong-Kyikha Road
(3) 32 miles and three furlongs long Tiddim-Reed Road
(4) 64 miles and two furlongs long Falam-Reed Road
(5) 70 miles and four furlongs long Haka-Gangaw Road
(6) 172 miles and seven furlongs long Haka-Rezwa-Matupi Road
(7) 114 miles and seven furlongs long Matupi-Mindat-Kyaukhtu Road
(8) 135 miles and three furlongs long Matupi-Paletwa Road.

A total of 1094 miles and six furlongs long roads, including 287 miles and 7 furlongs long asphalt roads, 282 miles and three furlongs long gravel roads, 15 miles and four furlongs long hard roads and 509 miles long earthen roads, are under construction in Chin State.

So far, box culverts and 80 bridges of under 50 feet, 29 bridges between 50 feet and 100 feet in length, one bridge between 100 feet and 180 feet in length, five bridges of above 180 feet totally 115 have been constructed in Chin State. Among them, 270 feet long Natzan bridge, 240 feet long Lemyo bridge, 340 feet long Var bridge, 385 feet long Katal bridge and 460 feet long Manswang bridge are above 180 feet long facilities which were built in the present decade in Chin State.

Bridges of motor roads and bridges in Chin State by the Public Works, one state Superintending Engineer’s Office, two district senior engineer’s offices, nine township engineer’s offices and three sub-township offices are being opened to carry out maintenance work and road construction project special group-11 led by the deputy superintending engineer and road construction project special group-12 led by the deputy superintending engineer were assigned two base offices in Falam and Haka since 1994.

Road and bridge construction works were carried out with the 90 engineers, 75 staff, 300 workers and 199 heavy machinery in order to see more progress in Chin State year after year.
First regular session of Pyithu Hluttaw...
(from page 8)

For better transport in Chin State, Chin national U Ngun Hsan Aung, Chin State in-charge Super-intending Engineer of the Public Works, was promoted to higher positions from 1987 to date. At present, better transport facilities can be seen in the state.

For construction of reinforced concrete bridges in Chin State, along with remaining States and Regions, emphasis are being placed in three stages—bridges of 50 feet and above long are in first stage, bridges between 50 and 100 feet in length are in second stage and bridges between 100 and under 180 feet in third stage. Works are being carried out for bridges of above 180 feet after seeking approval of the government.

In 2010-2011 fiscal year, 824 tons of tar were sent to Chin State. Road works are being carried out on Haka-Rezwa-Matupi road. Preliminary engineering works are being carried out for Paletwa-Kaletwa-Myeik trade link by Max Co., of Myanmar in cooperation with IRCON Co., (Indian Railway Construction Company Limited). Plans are under way to upgrade construction groups with the use of 30 heavy machinery.

Construction works are being carried out on Kyauktaw-Paletwa road linking with Rakhine State by eight road construction groups and 16 bridge construction groups with the use of 30 heavy machinery.

Works for all-round development of Haka-Matupi, Matupi-Paletwa and Kyauktaw-Paletwa roads linking with India, roads linking with Rakhine State and with Sagaing and Magway Regions and Rakhine State, trade routes and border routes, the proposal calling for transport facilitation in Chin State by the Union Government submitted by the representative was not necessary to discuss again.

Next, the Hluttaw Speaker said that two representatives and the Minister for Construction made comprehensive discussions on the motion tabled by U Ngm Moung of Haka Constituency and that it was not necessary to submit the proposal separately. The speaker asked about the opinion of U Ngm Moung on the proposal of U Khaing Maung Yi of Ahlon Constituency withdrew his proposal “to allow visit of tourists to Chin State”.

Daw Zar Talam of Thantlang Constituency seconded the proposal. The Hluttaw approved to discuss the proposal at the ninth-day session of the Hluttaw on 14 March (Monday). There was an announcement for the representatives who will take part in discussions to register themselves at deputy director-general of the Pyithu Hluttaw this evening.

U Khang Maung Yi (a) U Khau Maung Yi of Ahlon Constituency withdrew his proposal “to allow visit of tourists to Chin State for creating job opportunities for local people in Chin State with poor economic opportunity” as his proposal is similar to that of U Ngm Moung. The Hluttaw approved it.

Next, U Ngm Moung of Haka Constituency submitted proposal “to upgrade Haka, capital of other States”.

Daw Zar Talam of Thantlang Constituency seconded the proposal. The Hluttaw approved to discuss the proposal at the ninth-day session of the Hluttaw on 14 March (Monday). There was an announcement for the representatives who will take part in discussions to register themselves at deputy director-general of the Pyithu Hluttaw this evening.

Then Speaker of Pyithu Hluttaw announced the conclusion of the eighth-day session and holding of the ninth-day session at 10 am on 14 March (Monday).

The session ended at 2.25 pm.—MNA

48th Myanmar Gems Emporium continues for second day

NAV PHTAW, 11 March—The 48th Myanmar Gems Emporium organized by Central Committee for organizing Myanmar Gems Emporium continued for the second day at Mani Yadana Jade Hall near Myanmar Gems Museum here this morning.

Patron of the Central Committee for Organizing Myanmar Gems Emporium Minister for Mines U Ohn Myint visited the emporium. The minister inspected jade and pearl lots on display and gave necessary instructions. Gems merchants at home and abroad tendered for jade and pearl lots, which was supervised by Managing-Director U Thein Swe of Myanmar Gems Enterprise and members of the Central Committee for organizing Myanmar Gems Emporium. A total of 73 pearl lots were sold out and sales will be continued tomorrow under tender and bidding systems.

Under the arrangement of the committee, artists and vocalists entertained the local and foreign gems merchants with songs and Myanmar young ladies modeled precious stones.

The 48th Myanmar Gems Emporium will continue till 22 March.—MNA

First regular session of
Amyotha Hluttaw...

(from page 16)

languages and literatures, and if possible, he wanted to know the time to permission of creating the learning opportunity.

Minister for Education Dr Chan Nyein responded the question of U Zone Hle Thang of Chin State Constituency-2. He said that the Ministry of Education is carrying out tasks to open and upgrade universities and colleges for upliftment of national education standards. A college representing Chin State was opened with the name of Kalay College on 16-3-1993. It was upgraded to Kalay Degree College on 7-7-1999 and Kalay University on 14-5-2003. As the Ministry of Education titled its educational institutions with the names of town on their locations, Kalay University has been initially called Kalay College since its establishment.

Kalay University is opened for those from northern townships of Chin State wishing to pursue higher education and Pakokku University for those of southern townships of Chin State. Anyone living in all parts of the nation can enjoy the opportunity to learn education at University of Distance Education.

With regard to the question raised by Dr Banya Aung Moe of Mon State Constituency-7, the Ministry of Education is giving priority to creation of opportunity for all the citizens to pursue basic education and ensuring upliftment of State’s education standard.

To preserve languages, literatures and culture of national races, the Ministry of Education has any plan to establish the education centres for national races at present. Regarding the question raised by U Steven Thabeik of Chin State Constituency-4, the curricula for basic education meeting international standards were drawn with the participation of local and international experts, scholars from UN agencies and international experts so as to turn out the students to be good and able educated citizens equipped with Union Spirit and nationalistic spirit. Myanmar, being a home to over 100 national races, has many languages. Some ethnicities use different dialects based on their residences. As many ethnicities are living in all regions and states, a classroom of the school can be found with multi-national race students.

The present curricula and syllabuses were drawn in conformity with aged and learning capability of children based on education policy in line with the education goal of the State. As Myanmar language is designated as the office language in Myanmar, the curricula of basic education are drawn inclusive of Myanmar and English.

At present, it is impossible to draw basic education curriculum with each literature of national races from Regions and States due to the fact that many national races are residing in Myanmar. If necessary, the ministry will provide necessary assistance for teaching national races as non-formal education.

U Khet Hein Nan of Kachin State Constituency-1 asked whether Myikyina Airport can be extended for landing of jets, and whether arrangements can be made for landing at and taking off passenger jets.

U Zone Hle Thang of Chin State Constituency-2 asked whether two airports can be constructed in Falam of northern Chin State and a suitable place in southern Chin State.

With regard to the question raised by U Khet Hein Nan of Kachin State Constituency-1, Minister for Transport U Thein Swe replied that Fokker F-28 jets land at and take off from 6000 feet long and 150 feet wide runway of Myikyina Airport. The maintenance of the airport commenced in 1992-93 financial year and it was completed in 1993-94. The present runway is being added with 1000 feet long and 150 feet wide extended section. On completion, Fokker F-100 and Y-8 airplanes can land at and take off from Myikyina Airport. The more extension of runway will be carried out there.

Concerning the question raised by U Zone Hle Thang of Chin State Constituency-2, the minister said that Myanmar Airways of the Ministry of Transport is placing emphasis on giving aviation service to regions and states for convenience of passengers. Thick mountains and forests in Chin State are natural barriers for airplanes to land at and taking off at the airport. An airport was built in Kalay for better transport of local people in northern Chin State and one airport in Pakokku for the people of southern Chin State. Moreover, a new airport was constructed in Kyaukme. Airplanes have regular flight schedules to these airports. At present, any plan is not to be undertaken to build airport.

Afterwards, the session was stopped for a while. When the session resumed, the member of respective Union level organization replied to the proposal submitted to the Amyotha Hluttaw and sought the approval of the Amyotha Hluttaw.

With regard to the proposal calling for reviewing the current education system by forming a board comprising experts and well-experienced persons submitted by U Steven Thabeik of Chin State Constituency-4, Minister for Education Dr Chan Nyein responded that systematic arrangements are being undertaken for ensuring international standard education system in line with the national education promotion 30-year long-term plan. They are:

(a) the Myanmar Education Committee was formed at the State level to adopt the education policies for promotion of national education
(b) the Council of University Education Boards and the Universities’ Central Council were formed in the higher education sector and the Basic Education Council in the basic education sector to realize the policies
(c) the University Management Board and the University Education Board were formed with experts of universities and outside scholars at the university level. According to task, 23, 24, and 32 of the national education promotion 30-year long-term plan, Curriculum Development Teams-CDT were formed at every university and university curricula are being reviewed to meet the international standard.

(d) making cooperation with international universities as a member of (ASEAN University Network-AUN), conducting research in cooperation with universities in England, American, Australia, Germany, Republic of Korea, Japan, India and the People’s Republic of China, works are being made in opening of research department and academic centres, delivering lectures by visiting professors and supervising, examining and holding subject-wise discussions and sending scholars in accord with international standard

(e) basic education curricula and syllabuses are being upgraded with the participation of officials of basic education and higher education departments in accord with the procedure (3) of 30-year long-term plan in basic education level as well as programme of international standard learning and teaching, criteria to judge education standard and programme for promotion of teachers are being implemented with the cooperation of JICA, KOICA and TICA.

As National Education Promotion Seminars with the participation of officials concerned and experts are being held, works for development of education are being held.

(See page 11)
First regular session of Amyotha Hluttaw...

(reviewed, assessed and modified regularity and cooperation in education with international universities are being made, the motion tabled by U Steven Thaibeik has already been included as part in already-implemented and ongoing works of the ministry.

U Steven Thaibeik of Chin State Constituency-4 expressed thanks for detailed clarification on undertakings in education sector by the Ministry of Education; said that he did not intend to withdraw his motion and he would accept the decision made by the majority of the Hluttaw.

In casting votes with the help of voting machine for whether or not the motion to review the current education system by forming a board comprising experts and well-experienced persons should be approved, the Hluttaw announced that the motion was rejected as 22 voted in favour, 181 against and eight abstained.

In his response to a proposal for establishment of a college in Haka, the capital city of Chin State submitted by U Paw Lian Lwin of Chin State Constituency-9, Minister for Education Dr Chan Nyein replied that Kalay University had been set up for youths from northern Chin State regions to be able to pursue higher education and Pakokku University for those from southern Chin State regions. International norms of the universities worldwide were accessibility, quality education, and diversity.

With regard to accessibility, a total of 968 undergraduates from Falim, Haka, Tikkham, Tonzang, and Tanlang were pursuing education at Kalay University and a total of 667 undergraduates from Matupi, Mindat, Kanpetlet at Pakokku University. So, it could be concluded appreciated the minister for elaborating on endeavors of the Education Ministry but he did not intend to withdraw his proposal and would like to listen opinions of other representatives.

With the help of voting machine, representatives cast votes to decide whether the proposal should be discussed or not, and the result was—13 voted in favour, 190 against and 10 abstained. Accordingly, the Hluttaw declared that the proposal was rejected.

Hluttaw representatives discussed proposals submitted to Amyotha Hluttaw.

In her reply to proposal for upgrading of motor road between Gangaw and Yayzwa to weatherproof one and upgrading of suspension bridge between eastern and western Gangaw into a bridge with motor road made by U Paw Lian Lwin of Chain State Constituency-9, Daw Khin Waing Kyi of Yangon Constituency-1 said that two districts, nine townships and three sub-townships constituted Chin State which lagged behind other states and regions in education, health and development due to lack of natural resources, and poor transportation resulted from geographical condition. Although a motor road was built between Gangaw and Yayzwa in 1960 and 1970 with a view to enhancing socio-economic status of the region, the road was mere earth and gravel road and could be used in summer just for four months.

She said that she supported U Paw Lian Lwin’s proposal considering the development and smooth transportation of the region, pointing out that transportation between Magway Region and Chin State was extremely poor, and the suspension bridge between eastern and western Gangaw was still not in the service of vehicles.

U Thaw Zin Oo of Magway Region Constituency-9 discussed that the suspension bridge across Myittha River between eastern and western Gangaw lay on 105-ft long motor road linking Gangaw of Magway Region and Yayzwa of Chin State only can cope with motorbikes. So, the government should grant a fund to upgrade the bridge as it is a gateway to Gangaw, Htilin, Kyauktu, Paikokku, Pakokku and Mandalay from Yayzwa.

Nevertheless, he continued his discussion, a bridge linking Gangaw with Haka, Kalay and Tamu was built spanning Myittha River about three miles from the suspension bridge. Owing to the storm in October 2010, Ohnaw Bridge and Yepya Bridge across Yaw Creek on Gangaw-Htilin-Kyauktu-Pakokku motor road near Paikokku were completely damaged and are in urgent need of repair. If those two bridges could not be repaired in the soonest time, Kanpetlet, Mindat, Matupi and Haka of Chin State would be cut off from the central regions of Myanmar. Therefore, the Government should take urgent measures to reconstruct those bridges. Repairing of Gangaw Suspension Bridge would only benefit Yayzwa Sub-township and thus it should be done later depending on budget of the State. He then said he disagreed with U Paw Lian Lwin about his proposal and thus he should withdraw his proposal.

Then, U Ohn Tin of Rakhine State Constituency-10 of Chin State can cope with motorbikes. So, the government should grant a fund to upgrade the bridge as it is a gateway to Gangaw, Htilin, Kyauktu, Paikokku, Pakokku and Mandalay from Yayzwa.

Nevertheless, he continued his discussion, a bridge linking Gangaw with Haka, Kalay and Tamu was built spanning Myittha River about three miles from the suspension bridge. Owing to the storm in October 2010, Ohnaw Bridge and Yepya Bridge across Yaw Creek on Gangaw-Htilin-Kyauktu-Pakokku motor road near Paikokku were completely damaged and are in urgent need of repair. If those two bridges could not be repaired in the soonest time, Kanpetlet, Mindat, Matupi and Haka of Chin State would be cut off from the central regions of Myanmar. Therefore, the Government should take urgent measures to reconstruct those bridges. Repairing of Gangaw Suspension Bridge would only benefit Yayzwa Sub-township and thus it should be done later depending on budget of the State. He then said he disagreed with U Paw Lian Lwin about his proposal and thus he should withdraw his proposal.

Then, U Ohn Tin of Rakhine State Constituency-10 of Chin State only can cope with motorbikes. So, the government should grant a fund to upgrade the bridge as it is a gateway to Gangaw, Htilin, Kyauktu, Paikokku, Pakokku and Mandalay from Yayzwa.

Nevertheless, he continued his discussion, a bridge linking Gangaw with Haka, Kalay and Tamu was built spanning Myittha River about three miles from the suspension bridge. Owing to the storm in October 2010, Ohnaw Bridge and Yepya Bridge across Yaw Creek on Gangaw-Htilin-Kyauktu-Pakokku motor road near Paikokku were completely damaged and are in urgent need of repair. If those two bridges could not be repaired in the soonest time, Kanpetlet, Mindat, Matupi and Haka of Chin State would be cut off from the central regions of Myanmar. Therefore, the Government should take urgent measures to reconstruct those bridges. Repairing of Gangaw Suspension Bridge would only benefit Yayzwa Sub-township and thus it should be done later depending on budget of the State. He then said he disagreed with U Paw Lian Lwin about his proposal and thus he should withdraw his proposal.

Then, U Ohn Tin of Rakhine State Constituency-10 expressed his opinion about the proposal of U Paw Lian Lwin for urgent construction of a motor road between Paletwa and Matupi: Chin State and Rakhine State were two states sharing border and the least-developed states of 14 states and regions mainly due to poor transportation. Despite the fact that Paletwa is located in Chin State, it was not accessible for poor transportation and Sittway is communicated with instead. If there emerged a motor road linking Paletwa and Matupi, transportation would become smooth in Chin State and commodity flow swift as well. He then said for those reasons, he supported the proposal of U Paw Lian Lwin.

U Salai Kweyan of Chin State Constituency-12 seconded U Paw Lian Lwin’s proposal, highlighting the benefits of the motor road. He said transportation was fundamental in enhancing socio-economic status. From Paletwa to the capital city of Chin State, Haka, one had to pass through Rakhine State, Magway Region, Mandalay Region and Sagaing Region. Residents of villages between Paletwa and Matupi had to rely on their own feet for living, education, and health matters. In spite of the region being rich in fertile soil and producing bumper harvest, products of the region could not reach the markets. If transportation was better, Paletwa could be accessible from Matupi, Mindat, Rakhine State and other states and regions.

According to the condition of alignment of Paletwa-Matupi motor road, there was over 170 miles of motor road between Paletwa and Matupi. Currently, four miles distance from Paletwa was gravel road and over five miles distance from Matupi was earth road whereas the remaining section still exited as alignment, so walking was Hobson’s choice.

(See page 12)
First regular session of Amyotha Hluttaw...

(from page 11)

for villagers between Palewa and Matupi. So, construction of Palewa-Matupi motor road should be undertaken as a priority to improve socio-economic status of locals of Matupi Township and smoothly running of administrative machinery.

Afterwards, U Zone Hle Thang of Chin State Constituency -2 discussed proposal made by U Zhun Kan of Chin State Constituency -1 to construct low-cost housings and sell them to staff in monthly installments. He said he learnt that governments worldwide have plans for their peoples to own a house. If the Government raised a fund to build housings for its staff, they could purchase a house by installments and their living standard will higher as a result.

He said he therefore supported the proposal.

Afterwards, the session took a break. When the session was resumed, proposals were submitted to Amyotha Hluttaw and discussed.

U Zhun Kan of Chin State Constituency -1 submitted a proposal that the Government should provide financial assistance to those aged 75 and above and to retired persons of the armed forces and governmental departments in addition to pension. U Paw Lian Lwin of Chin State Constituency -9 supported the proposal.

Afterwards, Amyotha Hluttaw called the representatives to express their opinions about the proposal. As there were some representatives that raised objection to the proposal, according to Amyotha Hluttaw Rule 17-Ta (3), they stand up and vote to decide whether to discuss the proposal or not. As more than 40 representatives wished to discuss the proposal, the Hluttaw accepted the proposal and declared that those wishing to discuss the proposal may report to the deputy director-general of Hluttaw Office when the session ended.

In accord with Sub-section (a) of Amyotha Hluttaw Rule 138, U Paw Lian Lwin of Chin State Constituency -9 said that he would like to withdraw his proposal to the Hluttaw for launching nation-wide campaigns to persuade peoples to pay taxes with a will.

Then again, U Paw Lian Lwin withdrew his proposal that short-term and long-term plans should be adopted to substitute slash-and-burn farming with growing of crops the Central Bank of Myanmar should provide loans to farmers to carry out those plans, in line with Sub-article (a) of Amyotha Hluttaw Rule 138.

Next, the Amyotha Hluttaw Speaker announced that the eighth day of the first regular session of Amyotha Hluttaw ended and the ninth day session would be continued at 10 am on 14 March.

The session came to an end at 2 pm.

Myanmar CP OPEN & INTER CLUB Tennis Tournament on 20 March

YANGON, 11 March—Hailing the 66th Anniversary Armed Forces Day, CP OPEN & INTER CLUB Tennis Tournament, organized by Myanmar CP Co Ltd and conducted by Myanmar Tennis Federation, will be held at Theinbyu Tennis Court here from 20 to 26 March.

US woman is ‘world’s oldest person’

Earlier this year, Ms Cooper became the oldest living person after the death of Eunice G Sanborn of Texas, according to the Los Angeles-based Gerontology Research Group that certifies supercentenarians — people who are 110 or older. Ms Cooper was born in San Diego on June 25, 1896, during the second term of President Grover Cleveland. — Internet

INTERNET

ATLANTA, 11 March — Georgia’s 114-year-old Besse Cooper has been certified by Guinness World Records as the world’s oldest living person. Surrounded by family, Ms Cooper accepted a plaque during a small ceremony at a Monroe nursing home. Her son, 75-year-old Sid Cooper, said previously that relatives never imagined she would live to be the world’s oldest person.

Experts believe shows such as Doctor Who and Ashes to Ashes may have blurred the lines between science fiction and science fact. — Internet

Kangaroo bounce mechanics illuminated by infrared study

INTERNET

LONDON, 11 March — The precise details of how kangaroos bounce are now being laid bare, thanks to new technology. Most animals adopt a more upright posture as their body mass increases, but officials could not provide further details on his condition. — Internet

Somali pirates free Indian crew

LONDON, 11 March — Somali pirates have freed 11 Indian crew members of a ship they captured almost a year ago. The pirates boarded the MV Real Afrikana near the Seychelles on 11 April last year, taking 23 crew members hostage. Indian authorities said the freed crew were being brought back to India aboard a Spanish naval ship. It is not clear if any ransom was paid. Officials say 79 Indians on seven ships are still being held by pirates.

Analysis says pirates increasingly operate off the coast of India.— Internet

Alligator protects cannabis stash

SACRAMENTO, 11 March — A drugs squad in California has found a 1.5 million-dollar ($920,000) marijuana-growing operation at a house along with an unusual security guard — a 4ft-long alligator named Wally. The Riverside County drug task force team moved in on the house in Hemet and seized nearly 2,300 pot plants. Agents also found the reptile, described as a “watchgator.” The healthy 55lb American alligator was turned over to the Forever Wild Exotic Animal Sanctuary in Phelan, since alligators are illegal to keep as pets in California. — Internet

Nine officers to be disciplined over Fort Hood shooting

WASHINGTON, 11 March — The US Army plans to discipline nine officers for failing to spot warning signs that might have prevented the Fort Hood shooting in Texas. Army doctor Maj Nidal Malik Hasan is accused of killing 13 people and wounding 32 more in November 2009 at the military base. The Army said certain officers had failed to meet expected standards in evaluating the career of Maj Hasan. Action against them was recommended by Army Secretary John McHugh in a report.

The Army has not yet identified the officers involved, and it may be several weeks before action is taken. — Internet

Student survives bridge plunge

SAN FRANCISCO, 11 March — A California high school student visiting the Golden Gate Bridge on a field trip climbed over a railing, jumped — possibly on a dare by fellow classmates — and somehow survived the 220-foot plunge into San Francisco Bay that kills dozens of people each year. Most jumpers die a grisly death, with massive internal injuries, broken bones and skull fractures. Some die from internal bleeding, while others drown.

But the 17-year-old lived, suffering just a broken coccyx and torn lung. California Highway Patrol Officer Chris Rardin said he was rescued by a surfer. Windsor Unified School District Supt Bill McDermott said he does not think the teenager was trying to commit suicide. The teenager was taken to a San Francisco hospital, but officials could not provide further details on his condition. — Internet

Rossi’s 24th goal helps Villarreal to Europa win
LEVERKUSEN, 11 March — Giuseppe Rossi started Villarreal’s comeback with his 24th goal of the season, and the Yellow Submarine won 3-2 at Bayer Leverkusen on Thursday night in the first leg of their third-round Champions League clash.

Rossi, a New Jersey native, tied the game 1-1 in the 42nd minute with his seventh Europa League goal, matching Porto’s Radamel Falcao for the most in the competition. Niumar replaced Rossi in the 69th and scored in the 70th minute and the fourth minute of injury time.

Villarreal’s Giuseppe Rossi jumps after scoring his team’s equalizing goal during the Europa League round of 16 first leg soccer match between Bayer Leverkusen and Villarreal CF in Leverkusen, Germany, on Thursday. — Internet

Andy Murray matures as he learns from mistakes
INDIAN WELLS, 11 March — Andy Murray begins every tennis campaign by carrying the weight of British tennis hopes on his slender shoulders. And the 23-year-old from Dunblane, Scotland says the key to managing that burden is learning from your mistakes. “As I get older I learn how to deal with things better. We all make mistakes when we are younger,” Murray said on Thursday. “I am learning how to deal with my mistakes and move on from them.”

Murray started this season by trying to become Britain’s first Australian Open champion since 1934 but lost in the final to Novak Djokovic.

It was the second-straight year at the Australian Open and third time in his career Murray finished runner-up at a grand slam. “I have been thinking a lot about the future and not about the past,” said the world No 5 Murray. — Internet

James Driscoll leads Puerto Rico Open
RIO GRANDE, 11 March — James Driscoll shot a 9-under 63 on Thursday in the PGA Tour’s Puerto Rico Open, missing a chance to break 60 when he played the final four holes in 2 over.

Driscoll eagled the par-5 fifth — his 14th hole of the day — to reach 11 under, but dropped strokes on the par-4 seventh and par-3 eighth at Trump International Golf Club-Puerto Rico. He had 10 birdies in a 12-hole stretch from No 12 to No 3 and ended up with a two-stroke lead over Will MacKenzie. — Internet

Drogba defends Toure over failed drug test
LONDON, 11 March — Didier Drogba on Thursday spoke out in defence of his Ivory Coast international team-mate Kolo Toure and said his failed drug test was a “stupid mistake”. Manchester City centre-back Toure, 29, was revealed to have tested positive for a banned substance last week and was subsequently suspended.

“It would be a difficult situation for us (Ivory Coast) if he is banned because he is one of the most important players, one of the oldest, most experienced players,” said Drogba, who was in Barcelona to promote his humanitarian foundation at the Global Sports Forum. “I would be very difficult for us if something like this happens. I think we all know how stupid it was, the mistake, and I don’t think he did it to improve his performance. I think it was just a mistake and we feel sorry for him and he has all our support, and that’s the maximum we can do.”

Nigeria call up League Cup hero Martins
LAGOS, 11 March — New Nigeria coach Samson Siasia on Thursday invited Obafemi Martins, who recently helped Birmingham City to win the English League Cup, for a forthcoming 2012 Africa Cup of Nations qualifier against Ethiopia.

This will be Siasia’s first call-up of the 26-year-old striker since he took over the Super Eagles in December. Martins scored a late winner as Birmingham City shocked favourites Arsenal to win the League Cup.

Spain-based striker Ikechukwu Uche, who was ruled out for several months by knee injury, was also picked in a 24-man squad for a March 27 qualifier against Ethiopia slated for Abuja. — Internet

Cole escapes charges for shooting student
Del Potro continues comeback at ATP/WTA Indian Wells
INDIAN WELLS, 11 March— Juan Martin del Potro, playing his first match since winning at Delray Beach, defeated former top-10 player Radek Stepanek 6-4, 6-0 at the WTA and ATP Masters event, Argentina’s del Potro on Thursday.

The Blues left-back shot 21-year-old sports science student Tom Cowan with a pellet from a .22 air gun that the player brought into the club’s training ground in Cobham, southwest of London, on 20 February. Cowan, who is on a one-year work placement with the English Premier League champions, has no plans to press charges against the star. Cole, who reportedly did not realise the gun was loaded, shot him in the side with a lead pellet. Chelsea’s medical staff reportedly treated the bleeding wound and he did not require hospital treatment. — Internet

Dortmund’s Barrios doubtful for Hoffenheim clash
BERLIN, 11 March — Runaway Bundesliga leaders Borussia Dortmund are set to be without hot-shot striker Lucas Barrios for Saturday’s German league clash with Hoffenheim.

The 26-year-old Paraguayan striker, Dortmund’s top scorer with 11 goals in 24 games this season, has a calf problem, sat out training on Thursday and is unlikely to play at Hoffenheim. Dortmund have a 12-point lead at the top of the table and are chasing their 20th win of the season from 26 league games.

The Guardian defender Mats Hummels is again doubtful after suffering from a trapped nerve. — Internet

Runaway Bundesliga leaders Borussia Dortmund’s hot-shot striker Lucas Barrios

Del Potro makes the second round as he continues a comeback from surgery on his right wrist that forced him to miss most of last season.

“I broke his serve very soon in the match and it gave me confidence with my serve,” del Potro said. This marked the first time del Potro has beaten Stepanek in three career meetings. He lost to the Czech twice in 2009.
Liverpool's Gerrard out for four weeks

LONDON, 11 March—Liverpool captain Steven Gerrard faces a four-week injury lay-off after undergoing surgery on a groin problem, the Premier League club confirmed Friday.

Gerrard, who missed Thursday’s Europa League defeat against Braga, will now miss around four of Liverpool’s remaining league fixtures and is also out for up to four weeks,” a Liverpool statement confirmed. “The decision was made following consultation with a specialist.”

Gerrard has had niggling problems with his groin throughout his career, most notably in 2002, when he was forced to withdraw from England’s tour of Australia before a Test against the Northern Territory.

Gerrard, who has undergone successful surgery on his groin following consultation with a specialist, will be out for up to four weeks,” a Liverpool statement confirmed. “The decision was made following consultation with a specialist.”

Gerrard has had niggling problems with his groin throughout his career, most notably in 2002, when he was forced to withdraw from England’s World Cup squad over the problem.”

WEATHER

Friday, 11th March, 2011

First regular session of Amyotha Hluttaw continues for eighth day
Everyone of different regions has access to higher learning education
Kalay University opened for those from Chin State (North), Pakokku University opened for those from Chine State (South)

Nay Pyi Taw, 11 March—The first regular session of the Amyotha Hluttaw continued for the eighth day at Amyotha Hluttaw Hall of Hluttaw Building, here, at 10 am today, attended by Speaker of Amyotha Hluttaw U Khin Aung Myint and Amyotha Hluttaw representatives.

The attendance of 220 made up 98.65 per cent of 223 Amyotha Hluttaw representatives, and the eighth-day session was therefore valid, declared Speaker of Amyotha Hluttaw U Khin Aung Myint.

Of the questions submitted by Amyotha Hluttaw representatives, permitted ones were raised, and members of respective Union level organizations replied to the queries.

First, U Zone Hle Thang of Chin State Constituency-2 asked whether two colleges can be established in southern and northern Chin State.
Dr Banya Aung Moe of Mon State Constituency-7 asked whether educative centres for national races should be opened.
U Steven Thabeik of Chin State Constituency-4 asked whether languages and literatures of national races can be permitted at government schools for improvement of national races’
