Vice-President Dr Sai Mauk Kham meets members of MNSC, officials of MSF

NAY PYI TAW, 20 Sept—Vice-President of the Republic of the Union of Myanmar Dr Sai Mauk Kham met members of Myanmar National Sports Committee, officials of Myanmar Sports Federations at the Myanmar International Convention Centre at 10 am today and delivered an address.

Also present on the occasion were Chairman of Myanmar National Sports Committee Union Minister for Sports U Tint Hsan, deputy ministers, members of MNSC, president of MSF, secretaries, officials and guests.

First, presidents of MSFs and officials were introduced themselves to Vice-President Dr Sai Mauk Kham.

In his address, Vice-President Dr Sai Mauk Kham said that today’s meeting is a coordination meeting at which officials of MNSC and MSFs are to discuss future work programmes to overcome difficulties faced for success of respective sports sectors.

In retrospect, the Burma Athletic Association was formed in 1936 before Myanmar’s independence, and weightlifter U Zaw Wai representing Myanmar first participated in Berlin Olympic Games in Germany.

In 1948, Myanmar sports contingent participated in London Olympic Games as Burma Olympic Association. In 1950, BOA became National Fitness Council under the chairmanship of the Minister for Health. The NFC hosted Southeast Asian Boxing contest in 1957 and Southeast Asian Peninsular Games in 1961.

Myanmar Sports and Physical Education Committee was formed in 1964 under the Ministry of Health. In 1972, it was reconstituted as Sports and Physical Education Department under the Prime Minister’s Office. In 1996, the Ministry of Sports was formed.

In 2011, Myanmar Olympic Council was changed into Myanmar National Sports Committee under the Ministry of Sports to be able to supervise all sports-related measures. The committee was made up of 54 members including two Union ministers, five deputy ministers and the presidents of Sports Federations.

Boost cultivation of quality sugarcane

The government is paying special attention to industrial crops growers while making all-out efforts for multisectoral development. Oil palm, cotton, tapioca, rubber and sugarcane are industrial crops. Agricultural loans needed to assist industrial crops growers are being disbursed.

Use of new quality strains with high yield for development of sugarcane cultivation and production among industrial crops, applying good agriculture methods, systematic use of fertilizer and natural fertilizer including agricultural inputs and minimizing loss and wastages during the process from cultivation to harvest time including seed input are being employed.

Only when sugarcane growers achieve cost effectiveness and generate higher incomes, will agricultural capacity increase and sugar mills be able to enjoy raw materials. That’s why, plans are underway to cover the cost of the agricultural produce and to find reliable markets.

Sugarcane plant propagation is being carried out to produce new quality strains with high yield and they are being distributed to growers, meeting the needs of the region.

As the government set to increase the floor price of sugarcane from K 1500 previously to K 3000 per ton, income of growers has increased twofold.

Strenuous efforts are to be made for ensuring cost effectiveness, higher quality and output growth for sugarcane growers through use of good agriculture methods and production and distribution of good quality strains with high yield.

Pakistan says 21 killed in Taleban clash

ISLAMABAD, 20 Sept—Taleban gunmen stormed a Pakistani checkpoint in the country’s lawless tribal belt, killing one soldier and sparking clashes in which up to 20 militants died, according to officials. Five soldiers and five civilians were also wounded after the militants on Tuesday attacked the Dabori post manned by paramilitary troops in the tribal District of Orakzai, the officials said. “At least 20 militants have been killed in the pre-dawn clash,” a military official told AFP by telephone. Their bodies were spotted during a search carried out by helicopter gunships, he said, requesting anonymity. There was no independent confirmation of the death toll because neither journalists nor aid workers are allowed free movement within the semi-autonomous tribal belt bordering Afghanistan. Local administration official Ehsanullah Khan told AFP that around 100 Taleban loyalists attacked the checkpoint. “They stormed the check post and killed one soldier and wounded five others,” he said. A shell landed on a nearby house, injuring five civilians. Khan added. Sporadic exchanges of gunfire continued late into the morning, he added.

The Pakistani military last year launched an operation against militants in Orakzai, which for two years was dominated by the Pakistani Taleban, blamed for most of the suicide and bomb attacks that routinely hit the country.

ISLAMABAD, 20 Sept—Four earthquakes struck the southeastern part of Guatemala in less than two hours Monday afternoon, causing at least three death as some walls collapsed, authorities said. At least three people were reported missing. President Alvaro Colom urged calm after the temblors were felt across much of the Central American country, the largest a 5.8 magnitude. All were centred in an area about 30 miles (51 kilometres) southeast of the capital, Guatemala City, according to the US Geological Survey. “There is no reason to think there will be anything bigger,” Colom said at a news conference. He said all rescue forces and government agencies had been activated to deal with the aftermath.

Roadside bomb kills Afghan police, wounds another

KUNDUZ, 20 Sept.—A policeman was killed and another sustained injuries as a roadside bomb struck their van in Kunduz Province, 250 km north of capital City Kabul on Tuesday, police said. “The bomb planted by militants on a road in Chardara District went off this morning killing a local police and injuring another,” district police chief Ghulam Maihudin told Xinhua.

He blamed Taleban militants for organizing the attack, but the outfit fighting Afghan and NATO-led troops has yet to make comment. This is the second militants’ attack against police in northern Provinces of Afghanistan.

Two Marines die in California helicopter crash

SAN DIEGO, 20 Sept—Two Marines aboard a helicopter were killed on Monday when the aircraft crashed during a training mission at a Southern California military base, officials said. The two-person AH-1W “Cobra” helicopter went down in the southeast corner of Camp Pendleton, Marine Corps Air Station Miramar said in a statement. Camp Pendleton is 40 miles north of San Diego.

A brush fire caused by the crash has spread to about 50 acres, and in an effort to quell the blaze officials have deployed several air tankers, the Marine Corps said. The two Marines were pronounced dead at the scene by emergency responders, the Marine Corps said.

The cause of the crash is under investigation and the two Marines will not be identified until their families have been notified, said Marine Corps spokesman Corporal Steven Posy.
Each athlete to be endowed with strenuous...

(from page 1)

With the participation of the government, the president of MSF and members contributed a lot towards the success of Myanmar sports contingent in international sports meets, providing financial assistance and sports facilities including training and meals.

In this juncture, the government thanked those who made generous contributions to the success of Myanmar sports.

Therefore, the relevant departments are to take steps for individuals or organizations that made such contributions to be exempted from tax over their income obtained legally.

In most sports events being competed today are judged win or loss by competition, win or loss by marking, and ties. Winning over others by means of gaining more marks from referees is not good in the long-run. Hence, fair play is the best for the one to boost the status of its sports sector.

The first aim of competitor is to win. The second is to know his records to be compared with world’s record. Only then, will he realize the level of his performance.

New records of the world sports will be set year after year to keep pace with the advancement of sports.

Only when there is progress in Myanmar sports will the athletes keep abreast of the world sports. In some sports events, the performance of each athlete is crucial while other sports events call for team work.

Those in the field of sports including athletes, coaches, managers, sponsors, supporters as well as fans are to do their bit for Myanmar sports to gain a success. Meantime, each athlete is to be endowed with efforts, perseverance, educational qualification, reasoning power, fitness and high goal.

It is safe to say they nothing happens, unless, first, a dream. Therefore, athletes are to be fully equipped with the willingness to win and spirit of winning in competitions.

As only a good coach is able to turn out a competent sportsman, the emergence of a large number of coaches is compulsory. With this end in view, those in the field of sports are to make relentless efforts in unison.

Onus is on athletes and officials of sports federations and the Ministry of Sports to try hard for the success in each and every match of international competitions in the interest of the State.

During the previous centuries, Myanmar produced outstanding athletes who promoted the reputation of the State. Myanmar achieved success not only in single events but also in the country’s favourite football sport. Myanmar selected football team was successful in 1960s and 1970s. Looking back on the glorious days of Myanma football world, Myanmar won Asian champion award two time in a row in 1966 and 1970, Asian youth champion award eight times during the period from 1961 to 1977, SEA champion award five times during the period from 1965 to 1973, Merdeka champion award three times in 1964, 1967 and 1971 and one time in 2006, Park Chon Hee Cup three times during the period from 1971 to 1973, Jakarta champion award four times during the period from 1971 to 1973, Marahalan Cup three times during the period from 1977 to 1979, totaling 29 times.

However, there was no significant progress during the last three decades and so were in other sports events.

So the Vice-President called on those present to give a helping hand with their own resources in the drive for promotion of Myanmar sports world and to take part in a workshop to be held soon.

Union Minister for Sports U Tint Hsan reported on arrangements being made by the ministry, saying that the ministry under the supervision of the Myanmar National Sports Committee is fulfilling necessary assistance to sports federations to be able to take part in sports events and to facilitate their functions with the aim of nurturing outstanding new generation athletes, holding sports event in the country and selecting and training athletes for international competitions.

The government is providing necessary assistance in sports-wise and it is found that there was success in international sports events thanks to the supports of the federations.

With the aim of achieving success in XXVI and XXVII SEA Games, players for national teams will be selected by holding tripartite sports events through three ways of training camps concerned, training camps of sports and physical education department and CCC Stars training camp.

The Union minister thanked the government and federations for their contributions and called for active participation of sports federations while the ministry is striving for fetching gold medals in SEA Games and international events in accord with the motto, “Myanmar Sports towards World Sports”.

Next, the presidents of the federations and officials reported on their respective works and the Union minister reviewed on their reports.

Union Construction Minister views repair of bridges on Nay Pyi Taw-Taungnyo-Myothit-Kanbya (Magway) Road, Magway-Myothit-Natmauk-Ywamon-Pyawbwe Road

Nay Pyi Taw, 20 Sept.—Union Minister for Construction U Khin Maung Myint on 17 September morning paid an inspection tour of construction work of Bailey Bridge with 200 feet in length.

The bridge is being constructed in place of Ngalikechaung Bridge with 20 feet in length and four-sections box culvert between Mile post (9/3) and (9/4) on Nay Pyi Taw-Taungnyo-Myothit-Kanbya (Magway) Road, that became blocked by flood caused by torrential rain.

The Union Minister viewed repair of Yinchaung Bridge on Magway-Myothit-Natmauk-Ywamon-Pyawbwe Road, and of Warkhote Bridge with 550 feet in length.

The Union Minister then proceeded to his inspection tour of Kyarhoo Bridge Construction site and the construction site of a short way between Yangon-Mandalay Highway and Natmauk-Pyawbwe Road.

Then those present gave suggestions for promotion of Myanmar sports world.

In his concluding remarks, the Vice-President expressed thanks for wide range of suggestions given by responsible persons of the federations including the Union Sports minister.

Although this meeting was held with the aim of achieving success in XXVI SEA Games and for successful holding of XXVII SEA Games, it is required to focus on more participation of world sports events as SEA Games is held once every two year.

The Vice-President called on federations for making through analysis of previous strong and weak points. Only with manpower, necessary equipment, spirit, sound management and money, will success be brought about to the sports world. Some countries were not complete with abovementioned requirements, but they were able to acquire success in some international level sports events.

It is required to do their best with the use of conditions the government will be able to assist and their already-achieved conditions. He stressed the need for systematic review so as to be able to meet success worthy in kinds of sports which are under their supervision.

Based on today’s suggestions, those present are bound to strive for continued promotion of standards of Myanmar sports sector for a long time including XXVI SEA Games to be held within a few months and XXVII SEA Games.

After the ceremony, Vice-President Dr Sai Maau Kham posed for documentary photo together with the Union minister, members of Myanmar National Sports Committee, presidents of the federations and officials.—MNA

Defunct NASA satellite to crash to Earth this week

CAPE CANAVERAL, 20 Sept—A defunct NASA science satellite is expected to fall back to Earth on Friday, showering debris somewhere on the planet although scientists cannot predict exactly where, officials said.

The 6.5-ton Upper Atmosphere Research Satellite, or UARS, was carried into orbit during a space shuttle mission in 1991. It operated for 14 years, collecting measurements of ozone and other chemicals in the atmosphere.

Since completing its mission in 2005, UARS has been slowly losing altitude, tugged by Earth’s gravity. On Friday, the 35-foot-long, 15-foot-diameter (10.6-metres long, 4.5-metres diameter) satellite is expected to plunge into the atmosphere, NASA reported on its website.

While most of the spacecraft will be incinerated, scientists expect up to 26 pieces, with a combined mass of about 1,100 pounds (500 kg) to survive the fiery re-entry and fall down somewhere on Earth.

The satellite’s orbit passes over most of the planet, from as far north as northern Canada to the southern part of South America. NASA said the chance a piece of UARS debris will strike a person is about one in 3,200. The debris will mostly likely fall into an ocean or land in an uninhabited region of Earth.

Satellites as large as UARS re-enter Earth’s atmosphere about once a year.

NASA said there have been no reports of any deaths or injuries to people from falling debris.

The largest chunk of wreckage from UARS is expected to be about 331 pounds (151 kg), says Nicholas Johnson, chief scientist of NASA’s Orbital Debris Programme office at the Johnson Space Centre in Houston.

As of Sunday, UARS was in a 133-mile by 149-mile (215-km by 240-km) high orbit around Earth. Re-entry is expected some time on Friday, although it could happen as early as Thursday or as late as Saturday.—Reuters

Farmers flee as world’s deadliest volcano rumbles

Villagers like Hasanuddin Sanusi have heard since they were young how the mountain they call home once blew apart in the largest eruption ever recorded — an 1815 event widely forgotten outside their region — killing 90,000 people and blackening skies on the other side of the globe.

So, the 45-year-old farmer didn’t wait to hear what experts had to say when Mount Tambora started being rocked by a steady stream of quakes. He grabbed his wife and four young children, packed his belongings and raced down its quivering slopes.

“It was like a horror story, growing up,” said Hasanuddin, who joined hundreds of others in refusing to return to their mountainside villages for several days despite assurances they were safe.

“A dragon sleeping inside the crater, that’s what we thought. If we made him angry — were disrespectful to nature, say — he’d wake up spitting flames, destroying all of mankind.”

The April 1815 eruption of Tambora left a crater 7 miles (11 kilometres) wide and half a mile (1 kilometre) deep, spewing an estimated 400 million tons of sulfuric gases into the atmosphere and leading to “the year without summer” in the US and Europe.

China flood deaths rise to 57, thousands evacuated

SICHUAN, 20 Sept—Heavy rains and floods across China have left 57 people dead, dozens of others missing and hundreds injured, while more than a million residents have been evacuated from their homes, the government said.

Unprecedented rains over the past week have swamped parts of northern, central and southwest China, and although the affected region is breathing a tentative sigh of relief as the downpours pause, rivers continue to swell.

The Ministry of Civil Affairs said in a statement that the rain had forced authorities to evacuate more than 1.2 million people from their homes. —Internet

Indonesian pirate attack thwarted off Malaysia

KUALA LUMPUR, 20 Sept—Malaysian maritime authorities said they arrested six Indonesians attempting to rob a ship in the Strait of Malacca, the latest in a surge of piracy attacks in the strategic waterway. The suspects were spotted by Malaysian patrolling early Sunday morning as they tried to board a merchant vessel of southern Johor State near Singapore, Maritime Enforcement Agency chief Admiral Zulkifli Abu Bakar said.

“The pirates realised they were spotted and tried to flee on their boat but our patrolled vessel gave chase and fired several warning shots before intercepting the pirate ship in Malaysian waters,” he told AFP.

He said the pirates appeared to have come from the nearby Indonesian island of Batam and had gathered in the area intending to rob three ships. An investigation was under way. The International Maritime Bureau (IMB) in June sent an alert to ships traversing the area, warning of a heightened piracy risk following the hijacking of three tugboats and a barge this year. —Internet
Second regular session of first Pyithu Hluttaw continues for 21st day
Six questions raised and answered, two new proposals submitted and bill discussed yesterday approved

NAY PYI TAW, 20 Sept—The second regular session of the first Pyithu Hluttaw continued for the 21st day at Pyithu Hluttaw Hall of Hluttaw Building, here, at 10 am today, attended by Speaker of Pyithu Hluttaw Thura U Shwe Mann and 376 Pyithu Hluttaw representatives.

Six questions were raised and answered, two new proposals submitted and a bill discussed yesterday approved.

U Aung Kyaing of NyaungU Constituency asked he would like to know about State-level management for preservation of ancient cultural heritage and regions in the Republic of the Union of Myanmar and cooperation with international organizations in conservation of world cultural heritage. Union Minister for Information U Kyaw Hsan replied that the Republic of the Union of Myanmar was rich in cultural heritage according to the pre-historic evidences and historical records. The cultural heritage were own national characters of Myanmar people and helped Myanmar to stand in the world with dignity, he said. Therefore, the government had preserved the cultural heritage systematically, and as part of efforts for protecting and preservation of the cultural heritage effectively it had enacted the Protection and Preservation of Cultural Heritage Region Law in 1998 and rules of the law in 2011. Therefore, the government, local authority and the people were preserving the cultural heritage in accordance with the rules and regulations, he added.

He continued to say that to be able to extensively preserve the cultural heritage, the government was amending the Antiquities Preservation Act, (1957). He continued to say that to be able to protect and preserve the cultural heritage effectively, three steps were taken to preserve the 37 ancient cultural zones: the first step was the Ancient Monument Zone where high standards of discipline were imposed on protection and preservation of the cultural heritage; the second step was, the Ancient Site Zone where middle standards of discipline were imposed on protection and preservation of the cultural heritage and the third step was the Protective and Preserve Zone where soft disciplines were imposed on protection and preservation of the cultural heritage. He said that there were eight cultural heritage regions where all three steps were taken to protect and conserve the cultural heritage and they were Bagay Monastery, Atumashi Monastery, Shwenandaw Monastery, Nanmadaw Sandar Mumi Pagoda and Kuthodaw Pagoda in Mandalay, Kanbawzathadi Palace in Bago, Thayaykhittaya Old City, Beikthano ancient town, Khayon in Mandalay, Kanbawza Thadi Palace in Bago, Nanndawyar Sandar Muni Pagoda and Kuthodaw Pagoda Atumashi Monastery, Shwenandaw Monastery, Paleik cultural region and MraukU ancient region, Inn-wa ancient town cultural region, Myinsaing cultural region, Tagaung cultural region, Hanlin cultural region, Inn-wa ancient town cultural region, Myinsaing ancient town cultural region, Pindaya ancient town cultural region, Paleik cultural region and MuaukU ancient cultural region. There were eight ancient cultural regions, where two steps were taken to protect and conserve the cultural heritage and they were Bagay Monastery, Atumashi Monastery, Shwenandaw Monastery, Nanmadaw Sandar Mumi Pagoda and Kuthodaw Pagoda in Mandalay, Kanbawzathadi Palace in Bago, Thayaykhittaya Old City, Beikthano ancient town, Khayon Cave, Thathaybyan Cave, Kawgun Cave and Shwedagon Pagoda. One step was taken to protect and preserve the cultural heritage in the remaining 21 cultural regions.

The ancient cultural regions had been divided into different categories and were being preserved with the participation of the State, local authorities and well-wishers with the international cooperation, he said. He continued to say that the State drew plans yearly to preserve the cultural heritage after making assessment to the facts of (1) high level of cultural heritage value in the current time, (2) important historical records, (3) high cultural heritage standard and (4) excellent architectural art and culture of the cultural heritage. As part of efforts for conserving the cultural heritage, the tasks were divided into two: renovation of ancient cultural buildings and pagodas without damaging the original styles and preservation of arts and sculptures inside the structures. Measures were taken to preserve the concrete arts, glaze arts and wall paintings inside the structures with the use of chemicals. Wall paintings were taken with the digital camera and were systematically archived as the paintings lost their colours as they had existed for so long, he said. Besides, measures were being taken to preserve the works of ten traditional arts and craft of Myanmar with the use of chemicals and advanced techniques.

He continued to say that ancient cultural heritage including pagodas and monasteries were just cultural heritage for foreigners but for Myanmar people, the cultural heritage also represented holy places for their beliefs and religions. Therefore, cultural structures were being renovated without damaging their original styles.

Today, 63 ancient temples in Bagan were being renovated and people contributed K 540 million to the renovation tasks. Eleven temples had been renovated, 16 were under renovation and the remaining 36 temples would be renovated, he said. He continued to say that Thudhamma shelters were also being renovated with the contribution of the people. Similarly, cultural heritage were being preserved with the cooperation of international organizations. Measures were being taken in cooperation with ICCROM in Italy, UNDP and UNESCO to preserve the ancient structures, to clean wall paintings and to make archive of ancient temples and pagodas in Bagan. To carry out the tasks, experts who completed courses on preserving cultural heritage at home and abroad and architects and engineers had carried out the tasks in cooperation with ICCROM, UNDP and UNESCO.

He continued to say that general maintenance tasks were being carried out to preserve Armanda Pagoda in cooperation with Archaeological Survey of India this year and cooperation and coordination were being made with cultural heritage preservation groups from China and Japan. In cooperation with China, Japan, Republic of Korea, India, Australia and ASEAN nations, exchanged trips were made to participate in the courses on preserving cultural heritage, and workshops on preserving cultural heritage were conducted in Myanmar and inviting experts from Italy, Australia and France to give lectures and to train practical works on preserving cultural heritage in Myanmar yearly. He said. He continued to say that Myanmar was cooperating with UNESCO to include the country’s cultural heritage in the World Heritage List and to preserve the heritage in accordance with the world standard, and the final step was reached to include Beikthano, Hanlin and Thayaykhittara ancient states in the world heritage list, when the UNESCO completed its measures for the ancient states, the three ancient states would be included in the world heritage list.

Union Minister for Education Dr Mya Aye replied to five questions raised by four Hluttaw representatives.

U Htay Win of Lewe Constituency said that Minbyin, Dalachan, Chaunggwa and Ayechantha villages in Lewe Township of Nay Pyi Taw Council Area are poor in transport. Students of these villages who passed the middle school level face difficulties to attend high school. He asked whether there is a plan to upgrade or open Basic Education High Schools or BEHS (Branches). The Union Minister replied that after scrutinizing the points on number of students at middle school level, number of students at primary schools affiliated to the middle school, poor transport and image of the school, the proposal is to be submitted to the Planning and Organizational Setup Scrutiny Board of the Ministry of National Planning and Economic Development to be able to upgrade the school. After receiving the recommendation, the permission is to be sought from the Union government meeting.

The Farmland Bill 2011 approved from sub-paragraph (a), paragraph 4 was approved with amendment proposals for each paragraph.

The Bill Committee submitted that the phrase in original provision of sub-paragraph (b), paragraph 4 should be substituted with leasing, changing and pawning of right of cultivation for all farmlands or part. The original phrase should be substituted with clause that leasing, exchanging and pawning mean official pawn at government bank or government recognized bank or person/organization to seek capital for agricultural task. U Tin Maung Oo of Shwepyitha Constituency submitted a proposal that it should insert the clause (e) leasing, exchanging and pawning of right to do shall not be involved without desire and agreement of right owner; and (d) leasing, exchanging and pawning of right to do shall be in line with prescribed disciplines. Moreover, original sub-paragraphs (c), (d) and (e) are to be amended as sub-paragraph (e), (f) and (g). In asking the attitude of U Htay Oo, he supported the submission of U Tin Maung Oo for complete and correct presentation.

In asking the attitude of Union level organization, Union Minister U Myint Hlaing agreed it as is necessary to add. The subparagraphs (c) and (d) added under subparagraph (b) of paragraph (d) were approved as part of the bill and original subparagraphs (c), (d) and (e) were changed as subparagraphs (e), (f) and (g).

U Tin Maung Oo of Shwepyitha Constituency submitted the proposal “to substitute the original text in subparagraph (d) of paragraph (4) with the phrase “Respective court shall decide under existing law if the right to manage the farmland is subject to dispute related to inheritance rights’ and to approve as paragraph (f)”. U Htay Oo agreed on amendment, citing it was an appropriate one, when the Hluttaw acquired his attitude.

When the attitude of a member of Union level organization was asked, Union Minister for Agriculture and Irrigation U Myint Hlaing showed his support.

The Hluttaw approved the proposal of U Tin Maung Oo.

U Tin Maung Oo of Shwepyitha Constituency submitted the proposal “to substitute the original text in subparagraph (e) of paragraph (4) with the phrase “The entitlement to use farmland is until the designated rules are not breached’’ and to approve as paragraph (g)”. U Htay Oo agreed on amendment, citing it was an appropriate one, when the Hluttaw acquired his attitude.

When the attitude of a member of Union level organization was asked, Union Minister for Agriculture and Irrigation U Myint Hlaing showed his support.

The Hluttaw approved the proposal of U Tin Maung Oo.

U Sai Thia Kyaw of Mongyai Constituency submitted the proposal “to add a new subparagraph ‘Regarding the entitlement to manage the farmland, crops in one’s own favour shall be chosen and grown’ to its original subparagraph (4)(g)”. U Htay Oo said the paragraph should not be included in the law when the Hlutaw acquired his attitude.

When the attitude of a member of Union level organization was asked, Union Minister for Agriculture and Irrigation U Myint Hlaing also said it was not needed to add the new subparagraph when the Hlutaw acquired his attitude.

When the attitude of a member of Union level organization was asked, Union Minister for Agriculture and Irrigation U Myint Hlaing also said it was not needed to add the new subparagraph when the Hlutaw acquired his attitude.

U Aung Thein of Ywangan Constituency submitted the proposal “to add new subparagraph ‘Rates for land tax and other taxes, registration and service charges shall be prescribed by the notification’ as subparagraph (g) under subparagraph (f) of paragraph (7) and to change subparagraphs (g) and (h) as subparagraph (h) and (i).” U Htay Oo said it was not needed to add the new subparagraph when the Hlutaw acquired his attitude.

When the attitude of a member of Union level organization was asked, Union Minister for Agriculture and Irrigation U Myint Hlaing also said it was not needed to add the new subparagraph when the Hlutaw acquired his attitude.

U Aung Thein of Ywangan Constituency submitted the proposal “to substitute the original text in paragraph (10) with the phrase ‘In the period of dispute or before the rights to the use and manage farmland is not granted, loan, pawning, inheritance, giving away, complete exchange and other exchanges etc. of the farmland shall not be carried out at all’ and to approve as paragraph (g)”. U Htay Oo agreed on amendment when the Hlutaw acquired his attitude.

When asked what the Union-level organization’s opinion was, Union Minister U Myint Hlaing expressed support for the proposal. The amendment proposal of U Tin Maung Oo was approved by the Hlutaw as there were no objections.

Next, U Tin Maung Oo of Shwepyitha Constituency proposed to add new paragraph (7) under subparagraph (e) of Paragraph 26 (a), “the deputy minister for the Ministry of Agriculture and Irrigation as the vice-chairman”, and “director-general of Settlement and Land Records Department” in Paragraph 12 (a), “the deputy minister for Home Affairs” in the second space.

When asked what he thought of the two proposals, U Htay Oo answered affirmatively. When asked what the Union-level organization’s opinion was, Union Minister U Myint Hlaing expressed support for the proposal. The amendment proposal of U Tin Maung Oo was approved by the Hlutaw as there were no objections.

Next, U Aung Maung Oo of Shwepyitha Constituency proposed to replace the phrase “sub article (a)” with “sub-paragraph (a)” in Paragraph 24 “Farmland Bill as amended by paragraph and sub-paragraph”.

U Aung Thein of Ywangan Constituency submitted the proposal “to substitute the original text in subparagraph (f) of paragraph (7) with the phrase ‘Loan, pawning, inheritance, and complete exchange of the farmland must be registered at respective department office by paying designated tax’” and passed the proposal.

U Tin Maung Oo of Shwepyitha Constituency submitted the proposal “to substitute the original text in subparagraph (f) of paragraph (7) with the phrase ‘Loan, pawning, inheritance, and complete exchange of the farmland must be registered at respective department office by paying designated tax’” and passed the proposal.

When asked what he thought of proposal for changing the original name of Chapter 8 which is “Appeal and Amendments” to “Appeal”, the phrase “order or sentence” to “decision” and paragraph 20 (a) to “decided” and paragraph 21 to “decision” submitted by the Bill Committee, U Htay Oo answered he had no objection as the changes do not refer different meaning. Union Minister U Myint Hlaing also seconded the proposal representing the Union-level organization. The Hlutaw passed the proposal of the Bill Committee as there was no opposition.

U Tin Maung Oo of Shwepyitha Constituency proposed to amend the phrase “Supreme Court” to “Supreme Court and Federal Court” in Paragraph 13 “Farmland Bill as amended by paragraph and sub-paragraph”. U Htay Oo made objection.

U Sai Thiha Kyaw of Mongyai Constituency proposed to cancel the paragraph 24 (a), which was rejected by U Htay Oo and Union Minister U Myint Hlaing representing the Union-level organization. As the proposal was rejected by a considerable number of representatives, the Hlutaw decided that the proposal was invalid and confirmed it as unchanged.

Defence Services Personnel Representative Major Captain Kaung Htet San proposed to change the phrase “three months” to “no more than six months” in Paragraph 28, 29 and 30. U Htay Oo replied that although it made no different meaning, it was more appropriate and thus supported the proposal. Union Minister U Myint Hlaing representing the Union-level organization seconded the proposal and the proposal was confirmed.

U Sai Thiha Kyaw of Mongyai Constituency submitted the proposal “to add new subparagraph ‘Rates for land tax and other taxes, registration and service charges shall be prescribed by the notification’ as subparagraph (g) under subparagraph (f) of paragraph (7) and to change subparagraphs (g) and (h) as subparagraph (h) and (i).” U Htay Oo said it was not needed to add the new subparagraph when the Hlutaw acquired his attitude.

The Hlutaw passed the proposal of U Tin Maung Oo.

U Sai Thia Kyaw of Mongyai Constituency submitted the proposal “to add new subparagraph ‘Rates for land tax and other taxes, registration and service charges shall be prescribed by the notification’ as subparagraph (g) under subparagraph (f) of paragraph (7) and to change subparagraphs (g) and (h) as subparagraph (h) and (i).” U Htay Oo said it was not needed to add the new subparagraph when the Hlutaw acquired his attitude.

When the attitude of a member of Union level organization was asked, Union Minister for Agriculture and Irrigation U Myint Hlaing said it did not need to include the subparagraph specifically.

U Sai Thia Kyaw said he understood the answers of U Htay Oo and the Union Minister and demanded the vote. As the noes outnumbered the yeses, U Sai Thia Kyaw’s amendment proposal was not approved.

When no amendment, the part from paragraph (5) to paragraph (7) subparagraph (d) was approved as part of the proposal.

U Tin Maung Oo of Shwepyitha Constituency and U Sai Kyaw Myint of Mongnai Constituency submitted the proposal “to cancel original provision of subparagraph (e) of paragraph (7) and to change subparagraphs (f), (g), and (h) as subparagraph (e), (f) and (g)” and “U Yoe Tun of Hsipaw Constituency submitted the proposal “to substitute the original text in subparagraph (e) of paragraph (7) with the phrase ‘Farmland Bill as amended by paragraph and sub-paragraph’”.

Out of two proposals, U Htay Oo agreed on only the amendment to cancel when his attitude was acquired.

As there was no amendment, the part from paragraph (5) to paragraph (7) subparagraph (d) was approved as part of the proposal.

When the attitude of a member of Union level organization was asked, Union Minister for Agriculture and Irrigation U Myint Hlaing asked the decision of the Hlutaw upon the approval.

As the noes outnumbered the yeses, the Hlutaw did not approve the amendment proposal of U Ye Tun.

U Tin Maung Oo of Shwepyitha Constituency submitted the proposal “to substitute the original text in subparagraph (f) of paragraph (7) with the phrase ‘Loan, pawning, inheritance, and complete exchange of the farmland must be registered at respective department office by paying designated tax’” and passed the proposal.

U Aung Thein of Ywangan Constituency submitted the proposal “to substitute the original text in subparagraph (f) of paragraph (7) with the phrase ‘Loan, pawning, inheritance, and complete exchange of the farmland must be registered at respective department office by paying designated tax’” and passed the proposal.

U Htay Oo said the original is more appropriate when the Hlutaw acquired his attitude.

When the attitude of a member of Union level organization was asked, Union Minister for Agriculture and Irrigation U Myint Hlaing asked the decision of the Hlutaw upon the approval.

As the proposal of U Tin Maung Oo claimed more yeses, the Hlutaw approved the proposal of U Tin Maung Oo.

Second regular session of first Amyotha Hluttaw...

Republic of the Union of Myanmar, region or state governments shall collect taxes described in table (5) of the constitution in accordance with laws and add the tax to the fund of the regions or states and the regions or states have the rights to use the fund in conformity with laws. Union budget will be used to cover budget deficit of the regions or states either by loaning or assisting.

In response to U Thein Win of Constituency No (9) of Sagaing Region who asked "whether there is a plan to amend the Myanmar Travel Allowances Manual in line with current situations as it was out of date", the deputy minister replied that government servants could enjoy travel allowances in travelling on duty; travel allowances was a kind of supplementary allowances granted to government staff who travel to discharge duty for public interest; the paragraph 3 (a) of 1922 Myanmar Travel Allowances Manual stated that the allowance should not be the amount profitable to the person who receives the allowance.

He went on that government staff could enjoy travel allowances and daily allowances on duty tour according to Myanmar Travel Allowances Manual; staff could enjoy travel allowances, fixed travel allowances and daily allowances in transferring, touring, and attending training courses.

He went on that government staff who tour on duty were allowed to enjoy daily allowances in accordance with the rates of Myanmar Travel Allowances Manual till 1979 and it was fixed to 10 Kyats in accordance with Announcement No 40/79 dated 12-6-1979 issued by the former State Council, to 15 Kyats in accordance with Announcement No 42/89 dated 20-4-1989 issued by the Ministry of Finance and Revenue, to K 1,100 in accordance with Announcement No 216/2010 dated 30-9-2010 issued by the Ministry of Finance and Revenue.

He went on that ministries were enforcing that only staff who travel with movement order could enjoy daily allowances and travel for personal purposes were not recognized as travel on duty; travel allowances and daily allowances were allowed only for traveling from headquarters to other regions and not traveling in municipal areas and the region where a staff is assigned is his headquarters.

He said that government staff could take back the actual spending in travelling on duty according to the provisions of the Myanmar Travel Allowances Manual and daily allowances was changed to K 1,100 and thus there was still no plan to amend the Myanmar Travel Allowances Manual.

He went on to the question whether there is a plan to provide separate assistance or CLA or special privilege to State service personnel discharging duties at far-flung areas raised by U Myat Ko of Sagaing Region Constituency No 12, the deputy minister replied that the townsships for enjoying rights of regional cost were classified into most social difficult level and social difficult level as of 1 June 1979. The personnel have had the rights of local cost. The personnel in most social difficult townships can enjoy 10-20 per cent of their salaries and those in small social difficult townships 6-20 per cent as local cost.

As of 12 July 1989, those personnel were allowed to take out the money equal to their salaries as special salaries. Beginning 21 April 2000, salary of service personnel was raised. Hence, the staff assigned to work border area development tasks can enjoy raised salaries plus 25 per cent special salary. In 2006, salary of personnel was raised. In consequence, border regions gain development, and personnel and labourer are allowed to enjoy travel allowances, fixed travel allowances, and daily allowances.

A question regarding whether there is a plan to open a branch of Myanmar Economic Bank for providing convenient banking services to the people, government personnel, Tatmadaw and pensioners from Hopin Sub-Township of Mohnin Township, Kachin State raised by U Pe Thaung of Kachin State Constituency No 6, the Deputy Minister replied that branches of MEB focus on domestic banking services of the State. Township bank branches and bank treasuries have been opened in the head office, State Region cities, district towns, and areas with regional development and better transportation.

So far, 47 bank branches at district level, 200 at township level, 22 banks treasuries, 10 saving bank branches, totaling 306 branches have been opened. Bank branches have been opened in Myitkyina at state level, Putao and Bhamo at district level and Moguang, Mohniny, Waingmaw, Tanai, Phakant, Ma Pan, Shwegyin, Mrauk and Mansi at township level branches and bank treasuries have been opened in Sumpabum, Chipwe, Nanyun and Naungmon.

However, Hopin is 18 miles far from Mohniny. Four regiments and units and 19 departmental offices in Hopin opened four departmental accounts at Mohniny Bank branch due to convenience of railroad and motor road. Work establishment was extended at Mohniny Bank branch.

Moreover, Moguang bank is not far from Hopin. Therefore, the matter to open bank branch in Hopin will be submitted at opportune time.

A question regarding whether there is a plan to open a branch of Myanmar Economic Bank for providing convenient banking services to the people, government personnel, Tatmadaw and pensioners from Hopin Sub-Township of Mohnin Township, Kachin State raised by U Pe Thaung of Kachin State Constituency No 6.

The Deputy Minister replied that MEB branches are aimed at nurturing the habit of thrift for the people in line with provisions of Section (3) of Savings Bank Law, saving their money safely, improving habit of money saving and promoting the living standard of the people. Therefore, a total of 692,818 accounts have been opened at 229 MEB branches and savings banks across the nation.

Savings bank services of Waingmaw MEB Branch were transferred to Myitkyina District Bank Branch due to better transport between the two towns and travels of people between them for economic, education and social works. Although savings banking service and purchase of savings certificate only are available at Waingmaw Township bank branch, Myitkyina branch can give fixed accounts as one more service to the people. In line with the section 3 of Savings Bank Law, MEB focuses on convenience of the people in banking, directives have been given to state/region, district and township bank branches on 31-8-2011 for giving services to the people at all branches including Waingmaw branch.

Member U Thein Win of Amyotha Hluttaw Public Accounts Committee sought an approval from the Hluttaw to approve the report of Public Accounts Committee and member of Amyotha Hluttaw Rights Committee U Tin Maung Myint, sought an approval from the Hluttaw to approve the report of the Hluttaw Rights Committee. The Hluttaw approved them.

The second regular session was adjourned at 2.15 pm today, and the 22nd day session continues at 10 am on 21 September.

Today’s Hluttaw, respective Union ministers replied to 18 queries raised by Hluttaw representatives, and reports of Public Accounts Committee and Hluttaw Rights Committee were approved.

**Lebanese war film wins top prize at Toronto fest**

TOBRUKO, 20 Sept—
A film about the struggles of a village in war-torn Lebanon took the People’s Choice award at the Toronto International Film Festival on Sunday, an audience trophy that has often been a harbinger of Oscar glory.

“Where Do We Go Now,” by Lebanon-born Nadine Labaki, tells the story of a village inhabited by both Muslims and Christians. When a wider inter-religious conflict threatens to seep into the village, its women go to war to invent and sometimes extreme ends to prevent violence.

The film, which debuted at Cannes earlier this year, is already Lebanon’s official entry into the Foreign Language Film category at for next year’s Academy Awards.

A festival official said Labaki wrote the film in Beirut in 2007 when armed clashes had broken out. Pregnant at the time, she began thinking about what she could do to change the world as a filmmaker.

“I’m running around jumping up and down at the Frankfurt airport,” Labaki said of her win at Toronto in a message read to the awards ceremony’s audience.

Last year’s winner of the People’s Choice award was “The King’s Speech,” which went on to win the Oscar for best picture. “American Beauty,” “Crash,” and “Slumdog Millionaire” also won the award at Toronto before going on to Oscar glory.

The Toronto audience award for top documentary went “The Island President” about Mohamed Nasheed, leader of the Maldives. Reuters

**Two-year-old girl played hide-and-seek with police**

Police in Sweden said a 2-year-old girl reported missing from her home was found to have been playing hide and seek with searchers.

Skane police said the girl disappeared while her parents were cleaning their home Saturday and a search party including local residents, more than 60 police officers, sniffer dogs and a helicopter scoured the area for the toddler. The Local reported Monday.

The search went on for several hours before a police dog discovered the girl sleeping in her bed. Police said the girl must have been moving through her house during the search, playing hide and seek type game with the searchers.

“It’s a little curious that she managed to move around while so many participated in the search. She must have been very careful,” police spokeswoman Helena Ralmark said.

**Nielsen says 12.4 million viewers for Emmys**

NEW YORK, 20 Sept—
Television networks must hope interest in the Emmy Awards is not a sign of things to come.

Nielsen said Monday that the annual ceremony honoring the best in TV was seen by 12.4 million viewers on Fox Sunday night. That’s about a million fewer viewers than watched each of the last two years. The Emmys’ look backward at memorable work also serves as the kickoff to a new TV season.

Competition was tough, with an NFL game getting 21.5 million viewers. The digital recorder company TiVo says Charlie Sheen’s presentation of the best comic actor award was the moment most played back and watched on recorders.

**Lady Gaga leads MTV Europe award nominations**

LONDON, 20 Sept—
US pop star Lady Gaga led the 2011 MTV Europe Music Awards (EMA) nominations on Monday with six, including best song for “Born This Way,” best pop and live act and best female artist.

In all four categories the 25-year-old extreme diva is shortlisted for another chart-topping diva, Katy Perry, nominated four times including for best song for “Firework.”

Lady Gaga’s other two nominations are best video (Born This Way) and biggest fans, a new category introduced this year.

Bruno Mars joins Perry with four nominations — best new, best male, best “push” act and best song for “Grenade.”

Adele, Britain’s own best-selling chart sensation, is shortlisted three times — best female act and best song and best video for “Rolling in the Deep.”

**Man ends Manhattan swim record attempt**

A man who attempted to break a record by swimming twice around New York’s Manhattan island cut his attempt short due to hamstring troubles and the tides.

David Barra, 46, of High Falls, NY, said he had to end his attempt at about 3:30 am Monday after 9 hours, 54 minutes in the water. Barra’s attempt was “The King’s Speech” winner of the award for best film music for the movie “caramel” during the annual Murur d’or award ceremony held in Casino du Liban, north of Beirut on 20 June, 2008.—INTERNET

**Hero rabbit saves owners from house fire**

A pet rabbit is being credited for saving its owners from a house fire in southeastern Alaska before it died of smoke inhalation, fire officials said on Friday.

The rabbit woke up the homeowner early on Tuesday morning by scratching on her chest, the Ketchikan Fire Department said in a statement.

The homeowner realized that the house was full of smoke, woke up her daughter and fled the house.

The fire was brought under control fairly quickly, with four engines, a ladder truck and 33 firefighters responding.

Damage to the house from flames, smoke and water was considered moderate.

While there were no injuries to the mother or daughter, the rabbit was not so lucky. The animal succumbed to smoke inhalation and did not survive, the fire department said.

The woman has a 4ft 4in afro which is larger than a disco ball and can just about fit the world’s smallest man inside. Reuters

Novak Djokovic: Back injury is not serious

BELGRADE, 20 Sept — Novak Djokovic says the back injury that forced him to quit his Davis Cup match is not serious but requires rest. He tried to play through the pain on Sunday against Juan Martin del Potro in the semifinals.

But the top-ranked Serb stopped during the second set, sending Argentina to the Davis Cup final against Spain. "Not as serious as we have thought," Djokovic said on Monday. "It's a partial rupture of a back muscle that deserves rest."

Mancini unhappy with squad depth

MANCHESTER, 20 Sept — Manchester City manager Roberto Mancini has suggested he needs even more players. The Italian watched his side surrender their 100 per cent start to the Barclays Premier League season when Fulham came from 2-0 down to draw Sunday's match at Craven Cottage.

The result was the first blow to the visitors' title hopes and, coming four days after they made their Champions League bow, it cast doubt on their ability to cope with the twin demands of domestic and European football. Barcelona fired-up for table-toppers Valencia

BARCELONA, 20 Sept — Barcelona striker David Villa claims the team are fired up for the midweek trip to Valencia after they ended a blip in form with a resounding 8-0 win over Osasuna. The reigning Spanish and European champions responded to draws against Real Sociedad and AC Milan by taking apart Osasuna at Camp Nou and now turn their attention to joint leaders Valencia who have won their three opening matches.

Stewart opens Chase with 1st victory of season

JOLET, 20 Sept— Tony Stewart took himself out of title contention before the opening race of the Chase for the Sprint Cup championship. A topsy-turvy season saw the two-time NASCAR champion to cross his name off the list of drivers he believes are legitimate title contenders, and nothing he did on track at Chicagoland Speedway changed his mind. That includes winning.

Stewart picked up his first win of the season on Monday — a day after rain washed out the opening round of the 10-race Chase — by flawlessly conserving fuel to the finish. The victory, his 40th career win in the Cup Series, tied him with Mark Martin for 16th on the all-time wins list.

More importantly, it vaulted him from ninth in the standings to second, and he trails leader Kevin Harvick by a mere seven points. So, Smoke, you sure aren't in the mix for a third NASCAR championship? "One day doesn't change the whole season," he said, — Internet

Ferguson: Rooney reaches new heights

LONDON, 20 Sept — Sir Alex Ferguson feels Wayne Rooney is ready to become a real leader at Manchester United. Rooney's superb form has shot him into an early lead in the battle to claim this season's Golden Boot prize.

The 25-year-old also scored twice on England duty earlier this month, further evidence he is now completely out of the form dip that lasted nearly 12 months, including a miserable World Cup. And Ferguson feels Rooney can now assume greater responsibilities as a youthful United side, which at times averages just 23 years of age.

"He is playing with a zest and energy that has taken him to new heights," Ferguson said. "Energy burns in him. But there is also a maturity to his football now that is of tremendous benefit to the team. "Wayne is ready now to take his career up a further notch and become a leader himself. "He has already put a marker down on a personal level but now he can assume greater responsibility, and I see his colleagues responding."— Internet

Lazio president rejects Reja's resignation

ROME, 20 Sept — Lazio President Claudio Lotito confirmed on Monday that he has refused Edy Reja's resignation. The coach complained bitterly after three jeered the team in their 2-1 home defeat to Genoa on Sunday. Reja met with Lotito for an hour on Monday's evening while his assistant took control of the training session.

Italia as saying. "They are a fixture of Italian football that cannot be denied. When a team goes to Manchester City and plays with that style, then beats Milan 3-1 with such authority, you can't go back. My friend Walter Mazzari must learn to live with the word 'Scudetto' following him around.

Edinson Cavani is extraordinary and last night didn't allow the defenders to stop him scoring, as he hit them all first time. When you're faced with a striker who moves that quickly, there's little a defender can do." Napoli are top of the table with a 100 per cent record, joined by Juve, Udinese and Catanzaro.— Xinhua

At least 26 Shiite pilgrims killed in Pakistan

QUETTA, 20 Sept—Gunmen opened fire on a bus in Pakistan’s southwestern province of Balochistan in a suspected sectarian attack on Tuesday, killing at least 26 Shiite Muslim pilgrims travelling to Iran, police said.

Four assailants attacked the bus carrying more than 50 pilgrims near Mastung town around 50 km from the provincial capital of Quetta. “They opened fire on the bus from all four sides.

Then they got into the bus and fired again,” a police official in Mastung said.

Three more people were killed when gunmen opened fire on an ambulance near Quetta as it headed to the attack site in Mastung. Officials say there is no evidence linking them with Islamist militants.
