(3) **Deputy Prime Minister receives President of Tokiwa Corporation**

YANGON, 6 NOV Member of the State Law and Order Restoration Council Deputy Prime Minister and Chairman of Myanmar Investment Commission Vice-Admiral
Maung Maung Khin received President of Tokiwa Corporation Mr Naoyuki left Soga and party at his office this morning.

Present also were officials of Government Office and Myanmar Investment Commission Office.

(4) **Minister for Communications, Posts and Telegraphs tours Maubin**

YANGON, 6 NOV Minister for Communications, Posts and Telegraphs U Soe Tha toured Maubin today.

At Maubin District Law and Order Restoration Council Office, he discussed the project for AsiaEurope underwater cable communications project at his meeting with officials of Myanma Posts and Telecommunications.

He later inspected Maubin Exchange Carrier Station, Microwave Station and Auto-Radio Telephone Station, and later selected the site for building a communications station that will monitor tasks for the Asia-Europe underwater cable communications project.

He met staff of Maubin District Post Office and gave suggestions on efficient postal services.

(5) **Forest-based industries set up to boost value-added exports**

YANGON, 6 NOV - Forest-based industries are being set up to export more value-added products instead of logs, said Minister for Forestry Lt-Gen Chit Swe today at a wood-based factory in Dagon Myothit (South) Township.

The ministry is providing all-round assistance to produce world class value-added goods, establishing forest-based industries with investments of entrepreneurs and Myanma Timber Enterprise, he noted, saying the Government is encouraging private value-added factories.

Machines which are suitable to domestic raw materials, technologies used at the factories and the type of products should be selected to import, he said during his inspection at the factory which was set up by cent per cent investment of Sanfoco Wood Industries.

The minister observed production of furniture components and floorings.

Officials of the factory briefed him on raw material and power supply, production of value-added goods, marketing, extension of investments and plans to manufacture luxury type furniture.

Accompanied by officials, he inspected manufacturing of finger joints, table tops and parquets and production of finished-goods with moulder machines at a wood-based industry of Forest Products Joint-Venture Corporation.
At his meeting with members of the Board of Directors, he lauded the corporation, which is a government and private joint venture, for its accomplishments.

(6) Ministry of Agriculture and Irrigation to build 2,000-ton sugar mill near Tabuhla Diversion Weir

YANGON, 6 NOV - Minister for Agriculture and Irrigation Lt-Gen Myint - Aung inspected cultivation and production of crops and departmental functions in the townships west of Bago Division today.

On his way to Tabuhla Diversion Weir east of Okkan, Taikkyi Township, he inspected monsoon paddy fields.

After inspecting the weir's regulation of water, he selected the site for construction of a sugar mill of Myanma Sugarcane Enterprise.

Meeting the managing director of MSE and officials, the minister gave suggestions on the plans for water supply to the new sugar mill and sugarcane farms, reclamation of land for expansion of sugarcane cultivation acreage, use of machinery in farming and distribution of quality strains.

The new sugar mill capable of milling 2,000 tons per day to be built near Tabuhla Diversion Weir is covered by the ministry's project to establish nine new sugar mills this year.

Lt-Gen Myint Aung proceeded to Tharrawady Agriculture Institute where he was welcomed by Chairman of District Law and Order Restoration Council Lt-Col Myint Than and officials, the Principal of Agriculture Institute, teachers and students.

He heard reports on the institute's classes and farms set up for welfare.

This year, the institute worked on 40 acres- 17 acres under monsoon paddy with the help of machinery yielded 126 baskets of undried paddy per acre and 23 acres grown by transplanting method 60 baskets of undried paddy per acre.

The minister later inspected the hostels of the institute.

At Saya San Hall of the institute, teachers and students sought the minister's counsel.

Lt-Gen Myint Aung next inspected Tharrawady Jute Grading and Baling Factory.

He discussed cultivation of jute in Tharrawady District meeting the managing director of Myanmar Jute Industries and officials, the factory manager and staff.
During this financial year, a total of 3.2 million viss of jute has been purchased from the district which cultivated on 18,000 acres.

After inspecting the factory, Lt-Gen Myint Aung went to the farm of Myanma Agriculture Service in Letpadan Township.

He inspected the pilot farms where various strains of paddy are grown and rice gardening.

He met divisional, district and township agriculture supervisory committees and discussed cultivation of crops.
