THAI SECURITY CHIEF - "NO ENTRY FOR BURMESE EXILES"
On 15 Dec, National Security Council (NSC) Chief General Charan Kulavanijaya said that Thailand is not allowing Prime Minister Dr Sein Win of the National Coalition Government of the Union of Burma (NCGUB) and other key dissident leaders to return to Bangkok. Dr Sein Win and members of the National Council of Burma (NCUB) delegation to the United Nations are currently in the USA. Charan said, "Thailand is supporting the Burmese government plan for national reconciliation. To issue visas to those people means to encourage them to continue fighting." Dr Sein Win, a cousin of 1991 Nobel Peace laureate Daw Aung San Suu Kyi and an elected representative, had been lobbying for UN mediation to end the Burmese conflict [N9312156].

U.S. SECRETARY OF STATE RECEIVES DR SEIN WIN
On 7 Dec, Prime Minister Dr Sein Win and NCGUB Minister responsible for Foreign Affairs U Bo Hla Tint were officially received at the US State Department by the Acting US Secretary of State Peter Tarnoff in the absence of Warren Christopher. Tarnoff who is also the Under Secretary of State for Political Affairs, congratulated the NCUB's successful lobbying at the UN. Tarnoff reiterated the US Government's unwavering support for the Burmese democracy movement and promised to continue assisting the Burmese people. Earlier in Nov, Dr Sein Win and U Bo Hla Tint also met with Ambassador Winston Lord, Assistant Secretary of State for Asia and the Pacific. The White House is currently reviewing the administration's Burma policy [NCGUB,BA].

SLORC TURNS DOWN DAB PEACE TALK OFFER
On 15 Dec, the State Law and Order Restoration Council’s (SLORC) Military Attaché in Bangkok, Colonel Thein Swe stated in an interview that SLORC had officially rejected the Democratic Alliance of Burma’s (DAB) offer for peace talks. He said, "We prefer to talk with individual groups ... We can be more effective (in that way)." On 1 Dec, General Bo Mya as Chairman of the DAB wrote to SLORC Chairman Senior General Than Shwe offering to negotiate in response to overtures made in Nov by SLORC Secretary 1, Lieut-General Khin Nyunt to the Karenni, Karen and Mon ethnic resistance forces. For some time now, the 3 ethnic groups have been under intense pressure from Thailand to abandon the Burmese democracy movement and negotiate separately with SLORC. Ethnic members of the NCUB delegation to the UN were not allowed to leave Thailand. Rather than abandon their allies under Thai pressure, the National Democratic Front (NDF) of which the three groups are members, agreed in late Nov to respond to SLORC through the DAB. The DAB includes NDF members as well as Burmese pro-democracy groups [SCMP931208,N931120,22,27,1207,16,B931126,27,1210,SLORCFM,RTV]. SLORC's response which was conveyed indirectly underscores its insincerity about peace talks. In the first place, Khin Nyunt made his offer verbally through the media while visiting Karenni, Mon and Karen areas. Secondly, it is clear that Rangoon does not want to see a united opposition especially among the ethnic groups and pro-democracy Burmans. Finally, even after its ceasefire agreement with the Kachin Independence Organisation (KIO) in Oct, SLORC has yet to make any political concessions to the Kachins. Therefore, a ceasefire with SLORC which is agreed to under pressure, will not resolve the civil war - Ed.

THAILAND CRACKS DOWN ON BURMESE ACTIVISTS
On 6 Dec, Foreign Minister Prasong Soonsiri announced that Thailand will be enforcing laws regulating illegal immigration particularly where Burmese students are concerned. He said, "Any gathering of Burmese here for whatever reason will be regarded as an illegal political activity, no matter the number of participants." Prasong suggested that there would be no problem if the Burmese refrained from using Thailand as a base from which to launch political action against SLORC. According to Thailand’s Ambassador to Burma, Virasakdi Futtrakul, SLORC has promised to take care of exiled students who return home. SLORC will assign guards to look after them until they are resettled [N931207].
BURMA NEWS:
FOUR ARMED BURMESE ARRESTED IN BANGKOK
On 23 Nov, Thai police arrested four Burmese in the Makasan area of Bangkok together with two sticks of TNT, two M26 hand grenades, a detonator, electrical wire, handgun bullets and four hoods. The men, Ye Thi Ha, 28, Mya Zaw, 30, Maung Maung Lay, 30, and Ne Tun, 37, claim that they were planning to return to Rangoon to launch a suicide bomb attack to wipe out the SLORC leadership during independence day celebrations on 4 Jan. Metropolitan Police Commissioner Lieut-Gen Chamlong lemchaengphan said that the four had been charged with illegal entry and possession of war weapons. Army Commander-in-Chief Gen Wimol Wongwanich and NSC Chief Gen Charan Kulavanijaya, however, branded the four 'international terrorists' and vowed to take tough legal action. The SLORC embassy in Bangkok on 25 Nov praised Thai authorities stating that their action had enhanced the longstanding close and cordial relations between the two nations. Burmese dissidents, however, suspect that the four may be SLORC agent provocators or that the arrest may have been a SLORC sting operation to discredit the democracy movement and provide Thailand with an excuse to crack down on Burmese activists. In 1989, Ye Thi Ha and another student hijacked a Thai Airways International airliner from Rangoon to Utapao to protest the suppression in Burma of the democracy movement. They were arrested by Thai authorities and sentenced to five years in prison but were released in Aug.92 by a Royal pardon. Then, as now, the incident had a negative effect on the Burmese democracy movement. More significantly, a couple of weeks before the arrests, warning of a major SLORC operation in Thailand was received [B931126,931124.29,30 BA].

BURMESE STUDENTS ARRESTED AT RIGHTS SEMINAR
Thirteen Burmese students attending a human rights seminar at the Hazakawa Training Centre in Don Muang were arrested on 3 Dec by Thai Immigration and Special Branch police. They were taken to the Suan Plu Immigration Detention Centre and charged with illegal entry and planning anti-SLORC activities. The second charge was later dropped. The students will be sent to Maneeloy Camp in Ratchaburi. Those not registered there will be prosecuted. They could be fined US$100 each or face 40-days in prison before being deported. Five of the students arrested were identified as Maung Maung Than, Pa Pa, Soe Lwin, Tin Maung Htoo and a female student, Lay Lay Nwe. The seminar was organized by the Student Federation of Thailand, Students Committee for Human Rights in Burma, and the Action Committee for Democracy in Burma. In a letter to the National Security Council and the Immigration Department, the organizers protested the arrests stating that the seminar was training the students to resolve conflicts through peaceful means [N931205,07].

INTERNATIONAL ACTION:
U OF TORONTO HONOURS DAW AUNG SAN SUU KYI
The University of Toronto, on 25 Nov awarded an Honourary Doctorate of Law in absentia to Daw Aung San Suu Kyi. Dr Michael Aris travelled from Oxford to accept the award on her behalf.

JAPANESE ACTIVISTS VOW TO STOP BURMA DAMS
Over 40 activists from six countries who gathered in Kyoto, 6-7 Nov, for a study/action weekend vowed to help stop SLORC from building eight dams on the Thai-Burmese border. The Electric Power Development Co, a Japanese state-financed firm is involved in the project. The BURMESE RELIEF CENTER - JAPAN, BURMA YOUTH VOLUNTEER ASSOCIATION and the INTERNATIONAL NETWORK FOR BURMA RELIEF organized the weekend.
