NOTE ABOUT SPELLINGS:

Since there are no standardized transcriptions in the Roman alphabet for Burmese, Mon,
and other ethnic languages, words are spelled variously, according to different spelling
conventions or by how they sound (the spelling of Halockhani refugee camp is a classic
example of this, by Westerners as well as Thais and locals). In addition, spellings have
further been confused by the ruling junta’s official Burmanization of well-known English
terminology (e.g. Myanmar for Burma).
In order to avoid confusion and politicization, this report will restrict its use of language to the established and more widely-accepted anglicized spellings, since this report to written in English.
