National Unity Government - NUG
Ministry of International Cooperation**

**For Immediate Release
23rd April 2021**

On principle, the meetings that can contribute to a solution to the deepening crisis in Myanmar are welcome, meetings that exclude the people of Myanmar but include murderer in chief Min Aung Hlaing who is murdering the people of Myanmar are unlikely to be helpful.

The legitimate representatives of the people and country of Myanmar, the National Unity Government (NUG) stands ready to engage and attend any ASEAN meeting on Myanmar, including the one scheduled for April the 24th that starts in less than 24 hours.

We firmly believe that a meeting on Myanmar should not include illegal, illegitimate military junta unless the following serious conditions are met. The military junta must meet the following conditions and demonstrate that it is adhering to them. This is the only way to restore democracy, stability and prevent the great civil war that will end in genocide.

1. Stop murdering civilians. The junta has killed over 740 Myanmar civilians since the coup and the number of its victims increase daily;
2. Stop systematically attacking neighborhoods and randomly discharging weapons into civilians' homes that have claimed the lives of many civilians, including children;
3. Stop bombing and shelling villages, which has caused significant casualties and has led to tens of thousands of civilians being displaced;
4. Stop preventing those who need medical care from receiving it, including agreeing to immediately stop: (i) occupying medical facilities, (ii) arresting and attacking medical personnel, and (iii) preventing emergency medical personnel from reaching victims;
5. Unconditionally release the over 3,300 political prisoners detained since the coup and stop arbitrarily detaining protesters, CDM members and others who are exercising their fundamental right to the freedom of expression.
6. End the coup, end all violence and return the power to elected Government of Myanmar- the National Unity Government -NUG

We once again express our sincere appreciation to the Association of Southeast Asian Nations (ASEAN) willingness to help Myanmar address the crisis that has gripped our nation, and indeed our region, following the illegal coup d'état on 1 February.
