

Mindat Chin State of Myanmar under intensive terrorist attacks by the junta 'SAC' forces

15 May 2021

In the last 72 hours, murderer-in-chief Min Aung Hlaing and his terrorist henchmen have been directing their cruel reign of terror specifically against fifty thousand Chin civilians of the town of Mindat in Southern Chin State. These terrorists have been constantly attacking the civilians in Mindat by shelling, heavy battlefield weapons, and by using 7 Helicopter gunships with 1000 plus terrorist reinforcement forces from the central terrorist regime command. Five civilians have been killed in Mindat in the last 48 hours by these terrorists, and 14 civilians injured. Civilian homes are being destroyed by helicopter gunships and bombing. These Junta terrorist forces are using Mindat civilians as human-shields to protect themselves and arresting local medical personnel who are saving their fellow wounded Mindat civilians. The terrorist 'SAC' forces under the command of murderer-in-chief Min Aung Hlaing's reign of terror in Mindat must be stopped immediately! A no-fly-zone must be imposed above Myanmar urgently! These terrorists must their siege against the citizens of Mindat, end their occupation, and leave Chin State at once! Those responsible for and participating in these cruel atrocities and war crimes against the brave and innocent civilians of Chin State who are trying to protect themselves, will surely be held accountable and brought to justice to pay for their crimes. All the Nations and International Communities must stand, support, and fight together with the brave and courageous people of Myanmar to end this reign of terror and nightmare once and for all. There is no room in today's world for this brutal and murderous criminal regime. Together, we will win!
