**Letter of Appreciation to the Brave Revolutionary Artists Around
the World who Stand with Myanmar**

23 May 2021

We are deeply moved and would like to express our sincere appreciation for the support of Headache Stencil in making revolutionary art that has been and will continue to be used to support the brave people of Myanmar in this darkest time of our history. Your works of art will not only continue to help and support the people in these dark hours, but these historic works will continue to live on and serve as a testament to the bravery, courage, and strength of “we the people.”

I want to also sincerely thank every artist, both in Myanmar, and around the world, who has helped heretofore with the most amazing, inspirational and breathtaking art, and I urge all artists everywhere continue on and to take up the cause of the brave people of Myanmar, and channel support to those who have lost everything to this cruel reign of terror. It’s time for us to end this terrorist regime, and we need your continued support in every way possible. Together, WE WILL WIN!
