2. 3. Min Aung Hlaing's mansion, located at 6 ½ miles in Yangon, would be sold at 7 Million US dollars in shares. [5/08/2022]

The End of the Dictatorship campaign led by MOPFI announced that a mansion illegally acquired by terrorist leader Min Aung Hlaing, located at 6 ½ miles in Yangon, will be broken into 70,000 shares to be sold for 100 USD each. The initiative has been named the "Inya Project 2" after the successful campaign to sell another of the junta leader's mansions on Inya lake, which has seen almost a 10 million USD raise from more than 10,000 buyers. By contrast, Inya Project 2 is expected to bring in only 7 million USD against the property's current valuation of \$20M. The shares are thus being offered significantly below market value to entice more buyers.

4. NUG Foreign Minister remarks that condemnation, and attempts to support the democratic forces through humanitarian aid are proven to be of no use for the people of Myanmar..[30/07/2022]

Daw Zin Mar Aung, the Minister of Foreign Affairs, called on the UNSC to recognise the NUG as the de jure government of Myanmar, and to provide the NUG with the same status and opportunities as other democratic governments. The Minister called on the UNSC to immediately acknowledge NUG officially and to deploy troops and send military material in accordance with the principle of responsibility to protect (R2P):

“Please cut revenue channels to Min Aung Hlaing and his terrorist military. Suspend all representation of the military regime internationally, and help restrict the SAC’s access to international platforms through its representatives. The UNSC must act on R2P by sending troops and military supplies to support the ethnic alliance and democratic forces who are collectively fighting against the military.”

“We always respect, when we’ve been asked to keep our meetings private, to be patient, and be grateful for international attention. I would like to call out loud, help us and support our people who are in need of your help!”

The Foreign Minister went on to say that all credentials, representation, statements that expresses condemnation, attempts to support the democratic forces through humanitarian aid have all proven to be of no use in providing safety and security for our people’s lives and existence.

5. Ambassador U Kyaw Moe Tun urges the international communities not to let military's atrocities continue

Ambassador Kyaw Moe Tun, Permanent Representative of Myanmar to the UN urged the international community not to let the military's atrocities continue. The ambassador addressed the international community at a Webinar on Myanmar entitled "Responding to the Brutal, Escalating Crisis in Myanmar" organized by the Asia Society Policy Institute.

Ambassador argued that as the world has consistently been presented with the sheer brutality and inhumanity of the Myanmar military, the international community should not continue ignoring the Myanmar people's desperate calls for help, and a response in line with R2P should be made immediately as Myanmar is already on the brink of becoming a failed state.

He went on to propose a 6 point plan for the international community:

- 1) suspend all international representation of the military junta.
- 2) effectively cut the revenue streams of the inhumane military and its leader and their affiliates.
- 3) ASEAN must reject any representative of the military junta at its meetings and review the Five-point Consensus.
- 4) the United Nations, and in particular the UN Security Council, must act swiftly, taking all possible measures including triggering R2P by sending troops and military supplies to support the united ethnic and democratic forces.
- 5) following the example of the response to Ukraine, provide the necessary financial and material assistance to the people of Myanmar.
- 6) immediately recognize the NUG as a legitimate government of the people of Myanmar.
