National Unity Government Cabinet News

1. NUG urges neighbours to take serious action on SACs for using air space to massacre civilians

The National Unity Government issued a statement regarding the air strike on Camp Victoria, located in the territory of the Chin National Front (CNF) on January 12th. As the camp is on the border between Myanmar and India, the NUG urges neighbor countries to take serious action toward SACs for using their sovereign air space to massacre Myanmar civilians and threatening lives.

The statement further mentioned that the SAC's air strikes have resulted in over 460 deaths and that most of the victims were civilians and children. The SAC is deliberately violating a UNSC resolution and undermining the efforts of every country fostering peace in Myanmar. Therefore, the international community is requested to engage with the National Unity Government, CRPH, NUCC and other revolutionary forces that represent the interests of the people to address the Myanmar crisis in a timely manner. <https://bit.ly/3w0EiS5>

"Statement on the events relating to the bombing of Chin National Front's Headquarters at Camp Victoria"

On 10th January 2023 at around 4:30 pm and 11th January 2023 at around 4:00 pm, the terrorist military council used its jet fighters to bombard Camp Victoria which serves as the headquarters of Chin National Front. On the first day, three Chin women and two men revolutionaries were killed and quite a few others were injured and on second day, the medical clinic in the Camp and the civilian household were destroyed. It is also reported that during the event one bomb was dropped inside Indian territory. Even before this event the terrorist military council has been repeatedly bombing regions in Karen State, Kachin State, Sagaing Division and Magway Division where innocent lives have been lost.

It is a known fact that from the time the terrorist military council staged an attempted coup d'état on 1st February 2021 to date, 460 innocent civilians, mostly children, have lost their lives due to their repeated air strikes.

The National Unity Government strongly condemns the terrorist military council's use of air strikes targeting innocent civilians. We convey our condolences to all those who have lost their lives from the ethnic communities by these inhumane atrocities, and pledge that we will do our utmost to find justice for all those lives lost by judiciary means, be it national or international.

1

We urge our neighbouring countries to take immediate, robust action on the terrorist military council on the infringements incurred causing loss of property and livelihood in their land. Those infringements and actions are in blatant contravention of the United Nations Security Council's resolution that requires the immediate cessation of violence in Myanmar. As they also disregard the international community's efforts to find a rapprochement in Myanmar's affairs, we ask that the international community work hand in hand with the National Unity Government, the Committee Representing Pyaw Oo Hluttaw, National Unity Consultative Council, People's Representatives, and the Ethnic Revolutionary Forces to resolve the crisis in Myanmar.
