1. Only NUG can guarantee stability and international investment 28/02/2023

Acting President Duwa Lashi La encouraged neighbouring countries to support the NUG, not only in the interest of alleviating the suffering of the Myanmar people who are the victims of the SAC's daily terrorist activities, but also because only the NUG, as a joint venture of diverse ethnic and religious groups, can bring the necessary stability and

prosperity to the country to secure international investment, and thus the economic growth of the region.

Ministry of Health

3. 70 health professionals died, 900 arrested in over 2 years of attempted coup 28/02/2023

According to the Ministry of Health, in the first two years of the coup, the military junta brutally killed 70 healthcare workers, injured over 780 others, and arrested more than 900. They also attacked and destroyed 54 ambulances and 160 health facilities. In one of the worst cases, SAC forces arrested, raped, and killed Daw May Zun Moe, a CDM nurse from Okpho Township, Bago Region.

The Ministry noted that these inhumane attacks by the terrorist military, intentionally targeted at healthcare workers, health facilities, and the health system, are in violation of the Geneva Conventions, Resolutions of the UN Security Council, and International Humanitarian and Human Rights laws. The Ministry has pledged to seek judicial redress for the lives of the innocent. <https://bit.ly/3mgt0r1>

6. Bbrutal massacre of civilians in Tar Taing Village

3/3/2023

The 33rd Light Infantry Division of the terrorist SAC, stationed in Hti Saung Village, Sagaing raided villages in Myinmu and Sagaing Townships on the 1st of March. They captured Yebaw Michael (a.k.a. Ko Kyaw Zaw) the leader of Tar Taing Village's People's Defence Force. He was then decapitated, disemboweled, and his arms and legs were amputated. These soldiers took 15 civilian villagers, including women, hostage to use as human shields as they left Tar Taing village on the 2nd of March. Bodies of five of the captured men were found near Nyaung Yin Village in Myinmu Township that same day showing signs of torture and brutal execution. They kept 10 remaining civilian detainees as they continued their raid into Nyaung Nyin Village in Myinmu Township. All of them were found brutally murdered by SAC forces near Kyun Paw Bridge at the border of Sagaing and Myinmu in the afternoon. That same day, the SAC razed Tar Taing village in which they burned 60 of the village's 78 houses.

Since these inhumane and intentional terrorist acts violate international law including massacres, war crimes and crimes against humanity, the Ministry of Human Rights has already communicated the case with international judiciary mechanisms. The ministry will further attempt to advance the case to prosecute perpetrators at all levels and deliver justice. <https://bit.ly/3YoRvzR>
