Burmese Workers Protest in Bangkok, Demand Action from UN and Thai Government

On July 7, in commemoration of the Seventh July Student Uprising Day, Burmese workers in Thailand, led by the Bright Future group, protested in front of the United Nations Office in Bangkok, demanding three key actions from the UN and the Thai government.

1. Allow migrant workers in Thailand to use only the “pink card” (Work Permit) as their sole identification card.
2. Halt the issuance of CI books by the terrorist Military Council and prohibit the transfer of 25 percent of family remittances to the Military Council through designated junta channels.
3. Request ASEAN to provide shelters for internally displaced persons (IDPs) by designating safe and neutral areas along the Thai-Myanmar border, free of military operations, to facilitate humanitarian assistance.

Additionally, the protestors emphasized that humanitarian aid should not be coordinated with the terrorist Military Council. Instead, they urged that aid programs be implemented in cooperation with the National Unity Government (NUG), human rights organizations, and ethnic armed groups. <https://go.nugmyanmar.org/bfeecfe2>

Military Affairs Summary for Second Week of July, 2024

PDF Gains Foothold in Mandalay as Wa Troops Enter Northern Shan

In the second week of July 2024, the People's Defense Force (PDF) established a strong presence in the northern townships of Mandalay, Myanmar's second largest city. Concurrently, thousands of Wa troops entered Tangyan Township in Northern Shan State.

The PDF (Mandalay) announced that revolutionary forces captured the 1014 Air Defense Battalion near Ingyin Myaing in Madaya Township, Mandalay Region. They seized air defense artillery and are preparing for training. Additionally, in Madaya Township, they secured the North Tan Ngar Military Camp and Alpha Cement Factory guard posts, obtaining 12 small arms. In Singu Township, they captured five more enemy camps and apprehended 15 soldiers, including Lt. Col. Hlaing Tun Aung. This advancement highlights the PDF's increased mobility in northern Mandalay, with the junta losing many camps and territories without being able to

counterattack.

In Nawngkhio Township, under Operation Shan Man, the Ta'ang National Liberation Army (TNLA) captured the junta's Missile Battalion 606, gaining full control over the township. The TNLA reported seizing over 600 different enemy weapons, including anti-aircraft machine guns and multiple rocket vehicles, during Operation 1027 (Part 2) and Operation Shan Man.

In a significant development, the United Wa State Army (UWSA) deployed thousands of troops into Tangyan Township, Northern Shan Region, moving beyond the Salween River as part of Operation 1027 (Part 2).

In Rakhine State, the Arakan Army captured the remaining junta's Light Infantry Battalion 55 in Thandwe Township and announced ongoing attacks against remaining junta forces in the area.
