REPATRIATION OF REFUGEES

A group of Mon refugees from Loh Loe camp had to be moved to Halochhani on Burma side on 6th and 7th of January. The order to move the refugees from Loh Loe to Halockhani was given abruptly by the Thai local authority. It mentioned that if the MNRC does not make any arrangement to move the refugees from loh Loe on 6th, January, the 9th division would come up with the Army to force the refugees to go to Halockhani.

In the end, to avoid confrontation with the Thai local authority the MNRC had to arrange to move about 500 refugees from Loh Loe to Halockhani. But it dose not mean that MNRC agree to the point of relocating the refugees on Burma side of Halockhani. It has no alternative but to do so to avoid confrontation with the Thai local authority. The MNRC still worry for the security of the refugees in that camp.
