○ We appreciate the report by the Special Rapporteur, Paulo Pinheiro, based upon his recent visit to Myanmar. We take the acceptance of his visit by the government of Myanmar after 4 years as a first step to respond in a positive manner to the strong concerns of the international community.

has been strongly recommending
○ The Government of Japan strongly recommends that the Government of Myanmar promote democratization, taking into account the genuine wishes of the people of Myanmar, engage in national dialogue with a view to achieving national reconciliation, and hence fundamentally resolve the situation without delay.

○ In this regard, we call upon the Government of Myanmar to explain a more detailed plan for democratization.

○ The Government of Myanmar should not miss this opportunity to make the best use of these efforts for good offices by the Secretary General, notably by his Special Envoy, Professor Ibrahim Ganbari, to which the Government of Japan has given full support and will give constructive assistance. Thus, it is of great importance for the Government of Myanmar to work together with the Special Envoy in cooperation with the international community and make tangible progress.

○ We have to remember that the people of Myanmar are looking to us with the hope and expectation that the Human Rights Council can act on their behalf. We cannot and must not betray them. We sincerely hope that the Government of Myanmar carefully and ardently listens to the call of the international community. *We strongly call on the Gov of Myanmar to seriously consider and implement the recommendations by Prof. Pinheiro.*

○ We are ~~entirely~~ ~~not~~ ~~report and finger-point~~ but
his approach is not 'report and finger-point' but
'dialogue and report'. We are looking forward to further
reports from Prof. Pinheiro and further dialogue. ~~concerned with a~~

~~close eye~~ on the situation in Myanmar ~~with serious concern~~. We
also strongly call upon the Government of Myanmar to continue its
cooperative attitude with the international community, including
by ~~accommodating~~ more visits by the Special Rapporteur, Paulo
